## Earl Green Is Critical After Being Shot In Head 3 Times By "Maniac" At Tucson, Ariz.

Earl F. Green, 58, Tucson, Ariz., who formerly lived along the Emmitsburg Rd., near Greenmont, is in a critical condition in the Tucson County Hospital with three bullet wounds in the head after being hit by a fusillade fired into his car by a "maniac" near Tucson Saturday morning.

His wife, struck by one shot at the same time, was described as suffering from a minor head wound and shock. She also is in the hospital.

Green, who had been Tucson for the last three years doing secret work for the government, is a mechanical engineer who worked in York during World War II as a firearms designer. He resided here at the time. The Greens left this community seven years ago and went to Florida. They moved from there to Tucson.

**Shot Through Window**  
Fred Green, Greenmont, a brother of Earl, learned of the shooting in a telephone conversation Saturday night with Mrs. Miriam Thomas, a sister of Earl Green. Mrs. Thomas was in the rear seat of the Green car when the shots were fired and was unhurt by the slugs which ripped through the right front window of the car.

She said the assailant parked his pickup truck across the highway near Tucson and walked toward the right side of the green car when Mr. Green was forced to stop. The man whipped out a .32 calibre pistol and fired five shots into the Green car. Green and Mrs. Thomas leaped out of the car, grabbed their assailant and when he was pinned to the ground, Mrs. Thomas wrenched the gun from his hand with one unfired cartridge remaining in it.

**Had Prior Difficulties**  
The sheriff of Pima County, Arizona, described the man as a "maniac" who had been a problem to authorities. He was described as owning a "filthy, junk-littered" property in a new housing development where Green lives. He had been in difficulties with the health officer, also named Green, in that connection.

The sheriff said the shooting of the former countant may have been a case of mistaken identity and the bullets may have been intended for the health officer.

**Gunman In Custody**  
The gunman, described as a Polish immigrant, was taken into custody at the scene of the shooting by the Pima County authorities. He is being held in jail pending outcome of the shooting.

One bullet has been removed from the top of Mr. Green's skull and another is lodged beneath his right eye. That also will have to be removed, a specialist has said. The third slug inflicted a wound in one of Green's arms.

Mrs. Green was hit in the temple by one of the bullets but it was only a glancing wound and (Continued On Page 2)

## RELIGION WEEK OPENS SUNDAY

Seventeen ministers are serving as discussion leaders during the annual Religion Week program now being held at Gettysburg College at the present time.

The series of services, formerly called Religion in Life Week, opened Sunday evening with an address by Paul Fokker, Baltimore, in Christ Chapel. Theme of the program which will last through Thursday is: "Will Christ Walk Where You Work?"

The program includes morning worship at Christ Chapel, panel discussions, dinners at the fraternities, discussion periods at the fraternities and personal conferences.

Dr. Edward Steimle, of the Mt. Airy Seminary, Philadelphia, is the principal speaker for the week's program.

The ministers serving as discussion leaders include: the Revs. Paul Reaser, Charles Sardeson, Robert James, Howard Walker, David Bolinger, Paul Carl, John Lenhardt, James Singer, George Stauffer, Philip Hoke, Lawrence Nelson, Ray Evelan, Herman Stumpfle, John Winter, Woody Moreland, Dale Bringham and John Cantelon.

## 196 TOURISTS HERE

Because of slush, ice and rain tourist travel hit a low for the year over the weekend. The National Park office reported only 196 tourists to the field, 84 on Saturday and 112 on Sunday, all traveling in private cars.

## Claude M. Sherman Is Interred Today

Funeral services for Claude M. Sherman, 71, husband of Mrs. Mary Snyder Sherman, 239 Highland Ave., Gettysburg, who died on Friday at 12:35 p.m. in the Warner Hospital, where he had been a patient since Jan. 24, were conducted this afternoon at 2 o'clock from Little's Funeral Home, Littlestown.

The Rev. Dr. R. R. Gresh, pastor of St. James' Lutheran Church, Gettysburg, officiated. Interment was made in Krace Lutheran Cemetery, Two Taverns.

Serving as pallbearers were Birnie Bowers, Glenn C. Bowers, L. U. Collins, Roy Hann, Robert Gitt and Melvin A. Miller, all members of the Sylvania Lodge No. 613, Independent Order of Odd Fellows, Littlestown, of which the deceased was a member.

## HOSPITAL NAMED AMONG 16 SITES FOR FOUR TALKS

The Annie M. Warner Hospital has been chosen as one of 16 meeting places in the state where physicians will gather to hear a series of four lectures by private telephone circuit. The first lecture is scheduled for Thursday, February 17, at 9 p.m. At that time, Dr. Charles C. Wolfarth, emeritus professor of medicine at the University of Pennsylvania School of Medicine, will speak on coronary heart disease.

Dr. Wolfarth will talk into a telephone transmitter in the auditorium of the Philadelphia County Medical Society's building. Private telephone wires are being set aside in each of the 16 cities and the circuit will be hooked up at the meeting place with amplifiers. A series of slides will be sent to each meeting, to be shown on a screen as the speaker indicates.

The program has been arranged by the Commission on Graduate Education of the Pennsylvania Medical Society. A similar series of four lectures was sponsored by the society last year, and the response has been described as so encouraging that the society has arranged to broadcast the current series of four.

## APPLE PRICES BELOW PARITY HERE IN '49-50, HE TELLS FTC

WASHINGTON (AP) — A government official testified today at a hearing on alleged price fixing by growers that apple prices in the Appalachian area were below parity in 1949-50.

S. R. Smith, director of the Agriculture Department's Fruit Marketing Division, said this as a witness for Appalachian Apple Service, Inc., of Martinsburg, W. Va.

Appalachian Apple Service, representing growers, and five apple processors are charged by the Federal Trade Commission with unlawful price fixing.

**U. S. Bought Apples**  
Smith testified the government spent about \$650,000 in 1949 and about the same in 1950 for the purchase of apples.

His testimony was designed to bolster FTC Examiner Frank Hler's statement in an initial decision dismissing the complaint. This statement was:

"A final fact, which would seem to belie to some extent the inference of conspiracy, is that the Department of Agriculture purchased apples in 1950 in the Appalachian area in an effort to hold up the price since the growers did not receive parity."

**Samuels Called**

The following property transfers have been filed with the office of the register and recorder:

Mark H. Alwine and wife, Abbottstown, sold to Fairy J. Riley, of that borough, for \$300, a property in that borough.  
Richard E. Hoke and wife, Abbottstown, sold to P. Isalah Hoke, his wife, son, David A. Hoke, and his daughter, Fairy J. Hoke Riley, all of that borough, for \$1, a property in that borough.

## Laban E. Hershey Buried Here Today

Funeral services for Laban E. Hershey, formerly of near Gettysburg, who died last Thursday afternoon in a hospital at Lake Wales, Fla., were held this afternoon at 2 o'clock at the Bender Funeral Home with the Rev. Dr. Norman Wolf, Gettysburg, officiating. Interment was in Flohr's Church Cemetery.

The pall bearers were: Raymond Deardorff, John Settle, Marvin Kepner, Emory Wentz, Clarence Deardorff and Harry Small.

## THREE GARAGES BURGLARIZED OVER WEEKEND

Borough police here and at Littlestown, assisted by state police, today were looking for a gang of garage burglars and safecrackers who entered the McCauslin and Warren Chevrolet Garages here and Wintrod's garage, Littlestown, over the weekend.

The burglars apparently secured \$145 for their efforts.

All of the burglaries apparently occurred sometime between 9 o'clock Saturday night and about 8 o'clock Sunday morning.

**Steal Safe, \$45**  
The office safe was stolen from the McCauslin Auto Sales and garage, 334 York St., Saturday night, broken open and looted of about \$45 in cash, according to borough police.

Dewey McCauslin reported the theft of the safe, which weighed about 300 pounds, Sunday morning at 8:05 o'clock. Police investigated and said that the thieves broke a window at the rear of the garage, entered through it, opened the large garage doors, and backed a vehicle into the building. Then they rolled or carried the safe out of the office, loaded it onto the vehicle, and drove off.

Police later found the safe, broken open and abandoned, on a back road about two miles north of Gettysburg. Office papers which had been in the safe were also recovered.

McCauslin, who is of the opinion the burglary occurred early Sunday morning, said papers had been strewn all over the office floor.

**Rob Safe Of \$100**  
Richard C. Warren reported that his garage, Warren Chevrolet, was burglarized Saturday night. The thieves did not remove the safe, but opened it on the spot, according to Mr. Warren and stole about \$100 in cash. They entered by breaking a rear window.

The robbery was discovered about 10 o'clock Sunday morning. State police are investigating.

**Failed In Littlestown**  
Entrance into the Wintrod garage at Littlestown was made by breaking a window into the paint room. The burglars found the safe open but secured no money. They scattered papers about the place.

Clinton Wintrod, owner of the garage, said this morning that he makes a practice of leaving the safe unlocked because large sums of money are never kept in it, only papers that are valuable to thieves. A tin box and a paper bag containing "a couple of dollars in change" that were in the safe were thrown to the floor along with the papers. Another box, beside the cash register, containing sales tax pennies was also ignored. Wintrod discovered the burglary when he went to the garage at 8:30 o'clock Sunday morning.

## Hartman Enters "No Defense" Plea

Harry M. Hartman has pleaded "no defense" to a charge of involuntary manslaughter in the death of Marlin Cullison.

Hartman, a 19-year-old R. 3 youth, has filed a plea of nolo contendere to the charge, District Attorney Daniel E. Teeter stated today, and he will be sentenced by the court in April at the latest.

Cullison, a 16-year-old Gettysburg High Senior, was killed on the Mummusburg Rd. in a head-on collision on the night of January 17. He was a passenger in a car driven by Hartman. Hartman collided with a car driven by Bernard M. Topper, Arendtsville.

A coroner's jury last Wednesday placed the blame for the accident upon Hartman, for passing another car on the crest of a hill, and the youth posted bail before Justice of the Peace John H. Basehore.

## \$215 CRASH DAMAGE

An icy street caused a collision, resulting in approximately \$215 damage, Saturday afternoon at 5:45 o'clock. Leo Steinhour, 19, 1 Gettysburg St., was driving east on the second block of Buford Ave. Charles R. Bankert, 42, 246 S. Washington St., was driving west. Steinhour told police that he saw the car in front of him skidding, and applied his brakes. This caused him to slide across the road into Bankert's car. Damage was estimated at \$15 to the Steinhour vehicle and at \$200 to Bankert's auto. No injuries or arrests were reported.

## Jail Motorist On Drunken Driving Charge After His Car Hit Wrecked Machine

State Policeman J. A. Van Nort had to leap for his life late Saturday night when another car skidded and smashed into a wrecked vehicle he was investigating near York Springs.

The first crash occurred at 10:30 o'clock Saturday night three miles south of York Springs on the Cross Keys Rd. Van Nort said Carl P. Skinner, 25, of Easton, a student at Dickinson College, Carlisle, driving a rental car owned by William Piper, Carlisle, was headed north, came over the top of a knoll, struck an icy spot on the road, skidded off the left side of the highway, the car rolled over and came to rest on its wheels, facing the highway.

Van Nort was checking the damaged vehicle at 11:15 o'clock when a car driven by Herman L. Megonnell, Harrisburg, came over the same knoll, hit the same icy spot on the highway, went out of control, ran into a ditch, almost struck Officer Van Nort, hit the wrecked Skinner car, turning it parallel to the highway, then continued on and ran into a tree.

**Megonnell Is Jail**  
A passenger in the Skinner car, John Matta, aged about 20, also a Dickinson College student, had been removed to a Hanover physician's office by a passing motorist immediately after the first crash. He was treated for a laceration of the scalp. Skinner and another student who was in the car were uninjured.

Megonnell was taken by Officer Van Nort to Dr. William Flickinger, York Springs, who treated (Continued On Page 7)

## OVER \$12,000 LOSS IN FIRE AT STRAUSBAUGH'S

Fire of undetermined origin caused an estimated \$12,000 to \$20,000 loss at the farm of Dwight Strausbaugh, Orttanna R. 1, on the Cold Spring Rd. at 5 o'clock Sunday afternoon.

The blaze was confined to a 25 by 40 foot frame implement shed and garage, but firemen said the loss of equipment was "very great." Two tractors were among the larger items consumed, but the loss included a large quantity of seasoned top grade lumber, all types of farm equipment, a saw mill, great quantities of tools, electrical motors, or as Fairfield Fire Chief Roger Myers put it: "Just about everything that's needed to operate a large fruit farm, everything that was accumulated over the last two generations."

By late Sunday night all that remained of the implement shed and its contents was a mass of ashes four feet deep. Members of the Fairfield fire department remained on duty until this morning to prevent spread of the blaze in the event of a rising wind.

**Build Makeshift Dam**  
Fairfield and Cashtown firemen worked as one department in the fight to save a large combination hog pen and wagon shed just ten feet from the blazing implement shed.

Fire trucks from Cashtown and Fairfield responded within a few minutes after the blaze was reported. As they arrived on the scene they found that the blazing implement shed had charred the pig pen and fire began to blaze on the roof of the 60 by 90 combination wagon shed.

Fairfield pumped water from a well at the frame Strausbaugh home 150 feet from the fire itself. Cashtown firemen located linoleum, rocks and earth and constructed a dam in the (Continued On Page 7)

## MRS. M. GORDON DIES SATURDAY

Mrs. Mary A. Gordon, 87, of 226 W. Middle St., died in the Warner Hospital Saturday evening at 11:30 o'clock from the effects of a fall last Thursday afternoon in which she fractured her left hip.

Mrs. Gordon was walking to a grocery store near her home when she slipped on ice and fell. She had been a patient in the hospital since that time.

She was born in Adams County and was a daughter of the late Adam and Martha (Metz) Strausbaugh.

Her husband, George E. Gordon, who died in 1918, was a former chief of police here for a number of years. Mrs. Gordon attended the Gettysburg EUB Church.

Surviving are two children: Wilbur E. Gordon, Gettysburg, and Bernard L. Hagerstown. There are two grandchildren.

Funeral services at the Bender Funeral Home Wednesday morning at 10:30 o'clock with the Rev. Harold V. March, EUB pastor, officiating. Interment will be in Evergreen Cemetery. Friends may visit the funeral home Tuesday evening after 7 o'clock.

## Name Successor To Dr. Thomas Cline

The Rev. George H. Berkheimer, Harrisburg, former pastor of the Lutheran charge at Arendtsville, has been elected executive secretary of the Board of Pensions of the United Lutheran Church in America at a special meeting in the Adelphi Hotel, Philadelphia.

The Rev. Mr. Berkheimer, who has been secretary of the Central Pennsylvania Synod since 1950, succeeds Dr. Thomas L. Cline, who died last Nov. 22. Dr. Cline was a former head of the English department at Gettysburg College.

Guaranteed watch and jewelry repairs. Home of fine diamonds, watches, silverware, etc. Easy terms. Gay Jewelers, 10 Carlisle Street, Gettysburg.

## Samuel Kessel Is Guides' President

Samuel Kessel was elected president of the Gettysburg Battlefield Guides Association at a meeting last night in the council chambers at the engine house. He succeeds Walter Reynolds, who is ill, and resigned as president of the group. Other officers elected were Glenn Shields, vice president, and Donald Ulrich and George P. Black, secretary and treasurer, respectively.

The new president appointed a representative from each of the five "guide centers" to serve as an executive committee. They are Robert Fidler, Rufus Bushman, Clarence Swinn, Lloyd Hartman, and Charles Stevens. Donations of \$25 each were voted for the Gettysburg Chamber of Commerce and the Gettysburg Travel Council.

## MORE THAN 100 HEAR ADDRESS ON HEART DISEASE

More than 100 persons attended the first public lecture of the Adams County Heart Association, Sunday night at the Moose home, and heard Dr. William Jeffers, head of the hypertension clinic at the Pennsylvania Medical School, tell of some of the new developments in the prevention and treatment of heart diseases. His talk was supplemented by charts, blackboard drawings, a movie and written questions from the audience.

Dr. Jeffers described the heart as a "giant valve," and drew a diagram of it on a blackboard. "The blood vessels are elastic," he said, "and it is very hard to find a usable substitute for this tubing. Engineers run an automobile engine at top speed until something breaks down, and then they know the weak points. But we cannot do that with the human heart."

He then discussed individual ailments of the heart and circulatory system. "Much research has been done on arterio-sclerosis, or hardening of the arteries. We have learned to reduce the possibilities of its occurrence by proper dietary methods, and we can slow up blood clots by the injection of certain substances into the bloodstream."

**New Surgical Techniques**  
"In operations on the heart valve, many new surgical techniques have been perfected. A machine has nearly been completed (Continued On Page 3)

## AGED COUNTIAN PASSES AWAY

Mrs. Sara Jane Herring, 88, wife of George A. Herring, died at her home in Orttanna Saturday afternoon at 3:05 o'clock. She had been seriously ill since August 15 and bedfast most of that time.

She was a daughter of the late Andrew and Mary Shaner Fritz and had lived in Orttanna for the last 40 years. She was a member of Flohr's Lutheran Church.

Mr. and Mrs. Herring had observed their 65th wedding anniversary December 15, 1954.

Surviving are these children: Dorsey E., Orttanna R. 1; Mrs. Robert Boyd, Orttanna; Lloyd W., Biglerville R. 1; Mrs. Cleon Nary, York; Cleason A., Fairfield; Mrs. Aletha Pitzer, Biglerville R. 1, and Mrs. Byron Cease, Orttanna. There are 26 grandchildren and 34 great-grandchildren. A half sister, Mrs. Jerry Biesecker, Mt. Joy, Pa., also survives.

Funeral services at the Bender Funeral Home at 2 o'clock Wednesday afternoon with the Rev. Dr. Norman Wolf, Gettysburg, officiating. Interment will be in Flohr's Church Cemetery. Friends may visit the funeral home Tuesday evening after 7 o'clock.

## Set Hearing Date For Damage Claim

A hearing on the claims of Felix J. Klunk for damages from the borough of McSherrystown based on loss of his land resulting from the widening of a McSherrystown street and a stream bed will be held Friday morning at 10 o'clock at the court house, the board of view announced today. The viewers looked over the property this morning. Members of the board of view are C. P. Keefer, LeRoy Winebrenner and Attorney Eugene Hartman.

Involved is about one-fourth of an acre of land taken from Mr. Klunk, some along the road and the remainder a ten-foot wide stretch along the stream bed. 10,500 square feet of ground in all was taken from the Klunk property.

## DR. C. H. HELDT, OSTEOPATH HERE 33 YEARS, DIES

Dr. Charles Humphrey Heldt, 57, who had practiced here as an osteopath since 1922, died in his sleep about 6 o'clock this morning at his home along the Table Rock Rd., Gettysburg R. 3.

A heart condition caused death. Dr. Heldt spent a week recently at New Orleans and had returned to his office a week ago. He was not feeling well over the weekend and had cancelled his Saturday evening office appointments. He had suffered from a heart condition for a number of years.

## Practiced Here 33 Years

A son of the late Mr. and Mrs. Humphrey C. Heldt of Oakland City, Ind., he was graduated from Oakland City High School and from the Kirksville School of Osteopathy, at Kirksville, Mo. After practicing for a year and a half in Ypsilanti, Mich., he came to Gettysburg in 1922 and has resided here ever since.

Dr. Heldt and the former Rachael Withers, of Camp Hill, were married in June, 1935.

Dr. Heldt was a charter member of the Gettysburg Lions Club and belonged to the Masonic Order at Oakland City.

**Wife, Children Survive**  
He was a member of the Gettysburg Presbyterian Church and formerly was a member of the boards of trustees and deacons at the church. He was a member of the Men's Bible Class of the Church School.

Surviving are Mrs. Heldt and their two children, Elizabeth, a Gettysburg High School Junior, and Robert, a pupil at Lincoln School.

Funeral services at the Bender Funeral Home Tuesday afternoon at 4 o'clock with the Rev. Clyde R. Brown, his pastor, officiating. The remains will be cremated after the services.

Please omit flowers.

## REV. GALAMBOS CLOSES YOUTH WEEK EVENTS

"We live in the concluding era of history and only God can bring us to the gates of heaven," the Rev. Gideon Galambos, pastor for the last three years of the Emmitsburg Lutheran Charge, said Sunday evening in a sermon at St. James Lutheran Church that concluded the local observance of Youth Week by young people of the community.

Referring only briefly to the year he spent in a Red concentration camp before his flight to America from Red oppression in Czechoslovakia, his homeland, the speaker declared a new Europe is being built on faith. "In spite of the aggression of the hammer and sickle, there is a new Europe being built on faith in Jesus Christ," he asserted.

"Christians believe in one movement, God's plan and they believe God's plan is in Christ," he said as he told the congregation: "Because the world is divided in half, this generation is under great trial. But go on for we have Jesus Christ."

## Other Weekend Events

Young people took part in the service with Robert Weikert leading in the opening service. Doris Carter read the scripture lesson and William Swisher gave a prayer. There were two anthems by the Senior Choir.

Before the service, the young people gathered at St. James Lutheran Church for box lunches. On Saturday evening there were Senior High and Junior High parties at the Reformed and Presbyterian Churches, respectively. On Saturday afternoon about 80 young people went roller skating together at Littlestown.

Books to be sent overseas in a "Books Instead of Bombs" project which was a part of the local observance will be gathered and shipped to New York. From there they will be sent overseas.

## Korean Vet And Virginian Are Fatally Hurt In Auto Crash On Emmitsburg Road On Sunday

Two young men, one a returned veteran of Korean duty from Cashtown, were fatally injured Sunday afternoon when their cars collided at 3:10 o'clock seven miles south of here on the Emmitsburg Rd. Five others were also injured in the crash.

Pfc. Frederick Eugene Landis, 20, who was instantly killed, was believed to be enroute to the home of his parents, Jesse C. and Kathrine (Biesecker) Landis, who reside on the Orttanna Rd. at Cashtown. He returned in December from 16 months service in Korea and currently was stationed with Battery A, 601st AAA Bn., at Andrews Air Force Base, Maryland.

The driver of the other car, Charles Edward Moore, 20, of Richmond, Va., died approximately 4 hours later, at 7:20 o'clock Sunday night at the Warner Hospital. An emergency operation had been begun in a gamble to save his life. He had a badly depressed fracture of the skull in addition to other injuries.

**Dr. Crist Investigates**  
Dr. C. G. Crist, county coroner, said the young soldier's death was caused by a crushed chest, a fractured skull, internal injuries, a fractured right leg and a fractured left knee cap.

Moore, Dr. Crist said, suffered a depressed fracture of the skull, which caused his death, lacerations of the face and a dislocated left hip.

State police said the accident occurred near the home of Mrs. Donald T. Imler, night nurse at the Warner Hospital, on the Emmitsburg Rd., a short distance north of Sprigg's garage. The road at that spot, they said, curves on a slight upgrade.

**Believed Enroute Home**  
Pfc. Landis, who had visited his parents the last two weekends, was driving north, apparently enroute home, and was alone in his car. Moore, who had five other young people in his auto, was traveling south toward Mount Saint Mary's College, Emmitsburg, where one of the passengers of his car was a student.

PFC. F. E. LANDIS

The others injured in the crash included Mary Christian, 15, who suffered a contused forehead and a cerebral concussion; Patricia Ford, 16, who had a laceration of the forehead and contusions of both legs; Robert D. Padgett, 21, who had a contused chest, abrasions of the scalp and lacerations of the left foot and knee, and Sue Benton, 16, who suffered a broken nose, a fracture of the left arm, fracture of the left hand and lacerations of the scalp. All of the group are from Richmond.

**Were Visiting Student**  
Also a passenger in the car was Cicero Tennant, 19, formerly of Richmond, now of Akron, O., and a student at Mount St. Mary's College.

Police said the young people, other than Tennant, in Moore's car, had left Richmond at 6:30 o'clock Sunday morning to visit Tennant, whom they knew from his residence in Richmond, at the Mount.

The group dined at Emmitsburg and then at Tennant's suggestion, police said, decided to see Gettysburg while they were in the vicinity.

## Seek Missing Witness

They were returning Tennant to the Mount when the crash occurred. The car had a flat tire, police said, near the antique shop along the Emmitsburg Rd., about four miles from here, and had had to change the tire before continuing on to the fatal meeting with the Landis car.

Police today appealed for an unknown witness of the accident to contact them. Some man, driver of another car, apparently was following one of the vehicles, police said, because residents of the area who were attracted by the loud crash as the cars collided believed at first that it had been a three-car smash when they saw the three halted so close together.

## YOUTHS LEAD PRESBYTERIANS

Young people took charge of the morning service on Sunday at the Presbyterian Church which opened with a ceremony in which Philip Scott, son of Mr. and Mrs. Donald E. Scott, 3 Baltimore St., was presented with his Eagle rank, highest Boy Scout honor.

Robert Zeigler of Explorer Post 73 read a letter from the national Boy Scout office and the Eagle citation before handing the Eagle emblem to Mrs. Scott to pin on her son's uniform. Then Philip presented his mother with a corsage and there was a miniature Eagle pin for Mr. Scott. Black Walnut District Chairman Eugene R. Hartman spoke briefly.

The Junior Choir sang two anthems under the direction of Mrs. Luther Sachs Jr. and boys of the church school served as ushers.

Scripture was read by Herman Smith and responsive reading was led by Miss Eleanor Paddock. Message on the Youth Week theme, "One Fellowship in Christ," were given by Miss Jane Bigham and Hugh M. McIlhenny. The prayer was given by the pastor, the Rev. Clyde R. Brown.

Ushers for the service were Donald McPherson, John Stitt, Gary Maitland and Terry Stansbury.

## RUSSIA ASKED TO CURB CHINA

LONDON (AP)—Foreign Secretary Anthony Eden said today Britain has asked the Soviet government to urge restraint on the Chinese Communists in the delicate situation now existing off the China coast.

Approaches were made Jan. 28 by the British ambassador in Moscow, Sir William Hayter, Eden told the House of Commons. Eden has talked with the Soviet charge d'affaires here.

Eden refused to be drawn into a detailed discussion of the moves, saying:

"Conversations are taking place between a number of governments and diplomacy must be given its chance to do some work about this."

Commonwealth prime ministers now meeting here have been casting about several days in search of a formula to bring a cease-fire in Formosa Strait. This effort was intensified after the Chinese Communists rejected a U.N. invitation to attend cease-fire talks.

Eden rose in the House as news dispatches said Chinese Communist anti-aircraft guns had fired on American carrier-based jet planes screening the Chinese Nationalist evacuation of the Tachen Islands.

## FIRE RAGING IN ROCHESTER, PA.

ROCHESTER, Pa. (AP)—A fire is raging in the heart of this southwestern Pennsylvania community's business district.

The blaze broke out about 10 a.m. today in a frame building housing a dress shop and spread to two adjoining buildings.

First reports said the Lee Dress Shop was destroyed by the flames. Also ablaze are the Peerless Paint & Wallpaper Store and McBroom's News stand.

Occupants of all three buildings were evacuated. Cause of the blaze was not immediately determined. Five fire companies are battling the blaze.

There was no further information immediately available.

The blaze broke out about 10 a.m. today in a frame building housing a dress shop and spread to two adjoining buildings.

## Says Mercury Will Drop On Tuesday

PHILADELPHIA (AP)—The Weather Bureau said today the spring-like weather which greeted Pennsylvanians this morning will end overnight and the thermometer will take another plunge tomorrow.

Henry P. Adams, chief meteorologist, said, however, that this drop won't be as severe as last week when zero readings were common place in the state.

In the southeastern Pennsylvania area, Adams forecast an overnight low of 27 and a high tomorrow of 38 degrees.

The Sunday rain, which washed away most of last week's snow, was measured at .67 of an inch, Adams said.

## BURY PRIEST TUESDAY

YORK, Pa. (AP)—Funeral services for the Rev. Henry J. Howarth, 82, who died Friday, will be held tomorrow in York. They will be conducted by the Most Rev. George L. Leach, bishop of the Roman Catholic Diocese of Harrisburg.

The Rev. Howarth, a priest 45 years, died in Lancaster. He served at Harrisburg, Doylestown, Walnutville, Centerville, Conowingo, Locust Gap, Lewistown and Shamokin.

## FORMOSA MOVE WAITS U.S. WORD

UNITED NATIONS, N. Y. (AP)—New U. N. Security Council moves on the Formosa cease-fire question hinged today on plans brought back from Washington by U. S. Delegate Henry Cabot Lodge Jr.

Delegations recessed consultations over Sunday while they waited for a clue to U. S. intentions. Lodge announced after a Saturday breakfast with President Eisenhower that the U. S. program would be made known by midweek.

Victor A. Belandue, Peruvian president of the council this month, said the talks today and tomorrow would determine when the next council meeting will be held. He said the weekend had produced no clear agreement on what the next step should be.

There was some feeling that the British Commonwealth prime ministers' talks in London would begin to be mirrored here in delegation activity early in the week. Reports from London said India's roles in the talks there and Soviet Foreign Office conferences with British and Indian diplomats in Moscow might be related to some kind of unwritten cease-fire agreement.

The New York Times in a dispatch from Washington said the United States would urge the U. N. to send a "peace observation" mission to Formosa and the Pescadores to report on any aggressive action in the area. The Times said the Americans, assuming that the Soviet Union would veto any cease-fire or peace observation resolution in the Security Council, were trying to arrange for the veto-free General Assembly or the Interim "Little Assembly" to send the observers.

PUT SUGAR IN GAS TANK  
Luther Lemaster, father of Glenn Lemaster, 110 Buford Ave., told borough police that somebody had dumped some sugar into the gas tank of his car Saturday night or Sunday morning. Sugar, police say, will clog up a car's fuel line and other delicate engine parts, and must be removed by a general motor overhaul.

## AIRCRAFTS ARE STRONG TODAY

NEW YORK (AP)—Aircrafts were strong today in a higher stock market in early dealings.

Strength in that division and some other shares engaged in defense business ran parallel to the tense situation surrounding evacuation of the Chinese Tachen Islands.

Gains went to around 2 points at the outside. Losses were fractional. Trading was quite brisk with the tape falling behind in reporting floor transactions shortly after the start.

Higher with the aircrafts were the steels, motors, and coppers. Improvement also was shown in distillers, chemicals, oils, and motion pictures. The railroads were just about alone in a definitely lower trend. Rubbers were lower.

Ahead were such issues as Boeing, Glenn Martin, United Aircraft, Bethlehem Steel, General Motors, Schenley Industries, Radio Corp., American Telephone, Kennecott Copper, Allied Chemical, and Standard Oil. Lower were Santa Fe, New York Central, Southern Railway, Goodrich, and International Paper.

Bonds were unchanged to higher at the opening.

## SAYS HIS SON IS 'JUST DOING A JOB'

HARRISBURG (AP)—The Harrisburg career officer who piloted the Air Force reconnaissance plane attacked by Communists over the weekend is "just doing a job," his father says.

Hubert E. Thornber Sr., a retired National Guard colonel, said, "If we show them (the Communists) we mean business we'll keep the peace. There's only one thing the Reds understand and that is force."

His son, Lt. Hubert E. Thornber Jr., 29, piloted the RB45 jet bomber flying reconnaissance duty when it was attacked by the Reds over the Yellow Sea.

"I'm in favor of this new policy of showing them we mean business," said his father. "I think it has a good chance of saving the lives of a lot of our boys."

The lieutenant's wife and their 2½ year old son live in Tokyo.

## Hint Red Donation To Probe Of Reds

WASHINGTON (AP)—Sen. McClellan (D-Ark) says he has asked and received the resignation of investigator Charles Tracy, but knows nothing of a report that Tracy had information linking a Democratic senator with a campaign contribution from a Communist.

Sen. McCarthy (R-Wis.) said in Milwaukee that a Democratic senator whom he refused to name had knowingly received \$300 from a Communist party official on the West Coast. He said Tracy had "stumbled onto" the information and was being fired as a result.

But McClellan, who succeeded McCarthy as chairman of the Senate Investigations subcommittee for which Tracy works, said "I never heard of it before."

McClellan said he had advised six subcommittee staff members who had worked under McCarthy that "they would not be recommended for confirmation" in their old jobs, because "I didn't want to retain them, period."

## Littlestown REV. SEIWELL IS INSTALLED AT REDEEMER'S

The Rev. Porter W. Seiwel was installed as pastor of Redeemer's Evangelical and Reformed Church at a worship service on Sunday evening in Redeemer's Church. The pastor was presented for installation by Elder Frank E. Stonesifer, vice president of the Consistory, and the order of installation was conducted by the Rev. James W. Moyer, Carlisle, president of the Mercersburg Synod, and the Rev. Nevin R. Frantz, Arendtsville, secretary of Mercersburg Synod.

"When a man belittles his job, he belittles himself," said the Rev. Mr. Moyer who delivered a sermon on the subject "The Three R's of the Ministry." In his message, he told the congregation and the clergy present that the first "R" in the ministry stands for the requirements of a pastor, and then listed: a good wife, character, absolute honesty and sincerity and "a good shepherd heart." The second "R," rewards, telling that "the most interesting thing in the world is people and to have the love of people and family." The third "R," respect, "comes through sincerity between pastor and congregation."

### Special Music

The invocation and evening prayer were offered by the Rev. Dr. Nevin E. Smith, pastor of Emmanuel Reformed Church, Hanover. The Rev. Arthur E. Legman, superintendent of the Hoffman Orphanage, near town, read the Holy Scriptures and gave the dedicatory prayer. An offertory duet, "My Task," by E. L. Asford, was sung by Miss S. Jean Morehead and Stewart N. Long. The Senior Choir sang the anthem "Hear My Prayer, O God." Arcadelt, under the direction of Samuel H. Higinbotham. Mrs. George A. Stonesifer, church organist, presided at the console throughout the worship. The service closed with the benediction pronounced by the Rev. Mr. Seiwel.

The 1955 Consistory of Redeemer's Church includes the following, elders, Frank E. Stonesifer, vice president, W. H. Dern, Claude Reichart, Samuel H. Higinbotham, John W. LeGore, Maurice A. Parr and deacons, Harold O. Sentz, secretary, Glenn S. Kauffman Jr., Robert W. Hall, Robert H. Miller, Clyde W. Crouse and Raymond J. Hahn.

The installation service Sunday evening replaced the community vesper service. The union worship will be held next Sunday evening, 7:30 p.m., in St. John's Lutheran Church. The Rev. William C. Karns, pastor of the host church, will be in charge. The Rev. Porter W. Seiwel has secured the Rev. Dr. Howard S. Fox, pastor of Trinity Reformed Church, Gettysburg, as guest speaker.

pleted which will substitute for a heart and lungs during an operation, and permit their removal to be examined closely. Another disease on which much progress has been made is rheumatic fever.

"Some diseases are congenital—we are born with them. Included are the abnormal blood vessels, and the improper mixing of the blood in the chambers of the heart. Surgery is relieving many of these conditions. It is my thesis that if we give properly-trained people the necessary tools, progress will certainly result."

Dr. Jeffers showed a film depicting the case of a boy who was stricken with rheumatic fever, his treatment, and his gradual recovery. Next came the questions from the audience.

Does diet have any effect on the hardening of the arteries? "Yes, especially when it causes the accumulation of fatty materials. Diabetes is dangerous for this same reason, that it prevents the fats from being absorbed by the blood."

Can tobacco cause heart diseases? "We do not know that, but it certainly exaggerates the condition in some persons."

How can rheumatic fever be prevented? "Only by general care of throat infections such as seeing a doctor. Rheumatic attacks need not re-occur in a patient who has once had the disease, if he takes proper care of himself."

### Laboratory Experiments

Have laboratory experiments on animals aided in the furthering of knowledge of heart conditions? "Yes, animal experiments have been invaluable in this field of research."

How can I avoid heart trouble? "Live right and choose the right

the Rev. Fr. Edward J. Shanahan, spoke concerning the reading of the Bible, noting that there is a special indulgence attached to reading the Bible for fifteen minutes every day. Father Shanahan also announced that next Sunday evening there will be reception of new members into the Holy Name Society, at a special service. Boys of high school age and over, who are not already members of the Society, are eligible to join.

Following the Masses on Sunday, the students of the parish who are attending Delone Catholic High School received their report cards from Father Shanahan. Report cards in the parochial school were given out by the pastor during the past week.

In observance of Catholic Press Month, and of Catholic Bible Week, the Civics Club of the parochial school has arranged a varied display of books, pamphlets and magazines in the show window of the John L. Redding Barber Shop on S. Queen St.

**Attend Services**  
Over a hundred Cubs, Boy Scouts, Explorers, Scout officials, leaders and denmothers attended the Sunday morning worship service in St. Paul's Lutheran Church. The group, in a body, was in uniform for the observance of National Boy Scout Week. The pastor, the Rev. David S. Kammer, presented a message on the subject "Call To Youth."

Douglas LeRoy Mummert, son of Francis L. and Jeune Wilson Mummert, of town, was baptized following the Sunday morning worship service in St. John's Lutheran Church by the pastor, the Rev. William C. Karns. The parents were the baptismal sponsors. The child was born October 1, 1954, at the Warner Hospital, Gettysburg.

### Cars Badly Damaged

Police found the Moore car, a 1952 Mercury convertible, on its own lane and so badly demolished that they listed its damage as \$1,150, the list price for the convertible. The greatest amount of damage was to the left front.

The Landis sedan was damaged mostly in its front and side, and police listed the damage to the 1954 Ford sedan at \$1,800, its total value. The car had swung sideways with the front on the southbound lane and the back on the northbound lane angled across the highway.

A patrol party of U.S. Marines went ashore. The evacuation was well underway tonight. Reports from the American ships were hours behind those reaching this Nationalist capital, but they indicated there was no Communist interference. Low clouds dimmed the rocky shore.

## Evacuation Of 30,000 Off Of Tachens Begins

By SPENCER MOOSA  
and FRED HAMPSON

TAIPEI, Formosa (AP)—A formidable U.S. Navy task force stood protectively around the Communist-threatened Tachens today covering the evacuation of some 30,000 Chinese Nationalist troops and civilians—while two Red torpedo boats cruised 17 miles away.

The evacuation was well underway tonight. Reports from the American ships were hours behind those reaching this Nationalist capital, but they indicated there was no Communist interference. Low clouds dimmed the rocky shore.

### No Red Activity

There was no sign of activity on Communist-held Yikiangshan, eight miles to the north of upper Tachens Island.

Associated Press Correspondent Jim Becker, aboard the flagship Estes anchored off the Tachens, reported "the Communist torpedo boats were spotted by air, but officers aboard the Estes said it is customary to see them in that area."

The torpedo boats made no sign of moving southward. Helicopters were hovering over the fleet. Signal blinkers flashed in the dim light.

Becker had sent this earlier report:

"Cruisers and destroyers bobbed at anchor in the choppy blue-green waters, within sight of the low, brown and craggy islands."

"Nationalist and U.S. mine-sweepers combed a path through waters known to be infested with Communist-strewn mines, while under water demolition teams probed the icy, angry waters for mines, obstructions and the ruins of wrecked ships."

"An occasional American plane from a nearby carrier dips through the bleak overcast to eye the armada, then returns to its guard post."

### Comb Mine Waters

Nationalist sources reported that an advance guard of U.S. and Nationalist forces got the evacuation under way last night, while ships of the U.S. 7th Fleet were still some distance away from the threatened islands, 200 miles north of Formosa.

The first evacuation ships are not expected to arrive in Keelung harbor, Formosa, before tomorrow.

well-known to local residents as she had visited here frequently. She was a widow of Charles L. Pape, of Baltimore.

She is survived by two daughters, Mrs. Virginia Childs and Miss Margaret E. and three sons Horace, Carl and William W., all of the Pikesville area. Her daughter-in-law is Mrs. Eva M. Pape, 395 Buford Ave.

Funeral services were held Saturday from the William Ticker and Sons Funeral Home, Baltimore. Rev. Arthur Hunter, pastor of the Sudbrook Methodist Church, Pikesville, officiated. Interment was in the Druid Ridge Cemetery.

### Nelson H. Mummert

Nelson H. Mummert, 64, husband of Mrs. Allie Wonder Mummert, Hanover, R. 3, died Saturday at 11 a.m. at York hospital where he had been a patient for eight days.

Born in Jackson Township, he was the son of the late Samuel and Catherine Hoover Mummert. He was a member of Pleasant Hill Church of the Brethren.

Besides his wife, he is survived by the following: A son, Nelson daughters, Mrs. Claude Kelly, Aspers R. 1; Mrs. Clarence Berkheimer, Seven Valleys R. 1, and Mrs. Dale Goodermuth, Spring Grove R. 1; eight grandchildren and a number of nieces and nephews.

Funeral services Tuesday at 2 p.m. at the Pleasant Hill Church of the Brethren, Jackson Township. Revs. Paul K. Newcomer and Howard Danner, Church of the Brethren ministers, will officiate. Interment in the adjoining cemetery.

He testified concerning production in the Appalachian area of Virginia, West Virginia and Pennsylvania as compared with national production. He sought to show that the Appalachian area production was too small to affect the general prices of apples for processing.

The commission decided that initial hearings showed a prima facie, or first view, evidence of price fixing. Charged in the complaint, in addition to Appalachian Service, are these processors:

The C. H. Musselman Co., Biglerville, Pa.; National Food Product Co., Inc., and Shenandoah Valley Apple Cider and Vinegar Corp., both of Winchester, Va.; Knouse Foods Cooperative, Inc., Peace Glen, Pa., and Bowman Apple Products Co., Inc., Mt. Jackson, Va.

## \$20,000 BLAZE FOLLOWS CRASH

MERCERSBURG, Pa. (AP)—A loaded tractor trailer truck skidded on the highway yesterday, slammed into a house along the road and set it afire, causing an estimated \$20,000 damage.

State police said the truck, driven by Luzien Dean, 45, of Kingsport, Tenn., was owned by the Robertson Transport Motor Lines of Kingsport. It was loaded with a chemical. Dean jumped from the cab and was uninjured as were occupants of the home of R. C. Mellott.

The accident overturned a heater which set off the blaze. The accident occurred along Rt. 75 about three miles south of Mercersburg.

State police said the \$20,000 estimate included damage to the truck.

## CHIANG SAYS EVACUATION NOT NEGATIVE STAND

TAIPEI (AP)—Chinese Nationalist President Chiang Kai-shek said today the evacuation and redeployment of his Tachens Island troops were "positive preparations for the counterattack (against the Red mainland) and not a negative stand."

Chiang, in a written statement, said evacuation was a "painful decision," but the latest military developments had made the Tachens lose their military value.

"The most important task of the government forces is to counter-attack the Communists and recover the mainland," Chiang said. "Under the present military situation our government forces, in order to conserve their counterattack potential, should under no circumstance be allowed to be displaced at such a time and place as the enemy might choose."

### Consolidate Other Islands

"To insure victory . . . our first duty should be to consolidate Taiwan (Formosa), Penghu (the Pescadores) and the other islands that shield them, such as Kinmen (Quemoy), Matsu, etc."

Chiang's pronouncement was the first he has made on the offshore island crisis since the Reds invaded Yikiangshan Jan. 18.

It was read to a crowded news conference by Wu Nan-ju, director of the government information office.

Chiang said from a strategic viewpoint he had but little regret for the transfer of Nationalist forces from the Tachens.

He said every one of the 17,000 local population had petitioned the government "not to leave them behind to the cruelty of the Communists."

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
ONE HUNDRED YEARS AGO

**Cold Weather:** Tuesday and Wednesday were intensely cold. On the morning of Tuesday the mercury in this place was 5 degrees below zero — on Wednesday 1 degree above. But throughout the whole of Wednesday, the mercury did not rise above 3 degrees at any time, and at night was at zero — being the coldest day on record at this place.

**Married:** On the 1st inst., by Rev. G. Roth, Mr. Henry Weaver, of Menallen township, to Miss Margaret Cashman, of Butler township. On the 4th inst., by the Rev. Jacob Ziegler, Mr. George Hoos, to Miss Margaret B. Nottmager, both of Cumberland township. On the 6th inst., by Rev. D. D. Clarke, Mr. Robert McGaughy, of Cumberland township, to Miss Eliza Orr, of Hamilton township. On the 6th inst., by Rev. J. A. Murray, Mr. J. R. Plank, of Cumberland county, to Miss N. J. Robinette, daughter of Mr. George Robinette, of Adams county.

**Col. Franklin Gardner**, of York Springs, has been appointed by the governor, Sealer of Weights and Measures for Adams county.

A very interesting meeting of the "Adams County Teachers' Convention" was held in this place on the 1st and 2nd inst. Addresses were delivered by Rev. R. Johnston, Professor Stoeber, W. L. Campbell, Esq., and Mr. Titus.

**Gov. Pollock** has been adding to the number of his Aids-de-camp in this county, by the appointment of Wm. B. McClellan, Esq., and Franklin B. Pickering, who received recently similar commissions to that of our Junior brother of the "Star." Adams county appears to be prolific in the material that Aids are "made of."

The Pennsylvania Annual Conference of the United Brethren in Christ met in Chambersburg on the 19th ult. S. L. Minnick was appointed for the Littlestown Circuit, and W. Humberger for the York Springs Circuit.

**SEVENTY-FIVE YEARS AGO**  
It is said that a vein of magnetic iron ore has been discovered on the farm of Wm. Leer, known as the Townsend estate, 1 1/4 miles northwest of York Springs borough. The vein is six feet in depth by from twelve to fifteen feet in breadth and will yield from 45 to 60 per cent of iron.

**Death In A Dentist's Chair:** On Sunday Miss Sarah Feltow, of Fairview twp., York co., called upon Dr. Trimmer, of LEBURN, Cumberland county, to have some teeth extracted. The doctor administered chloroform and the patient died in his hands.

**Local Items:** Gettysburg is becoming a centre of interest in the State Horticultural Society and the State Agricultural Society, having both determined to hold their next meetings in this place.

On Saturday J. P. McClintock, Esq., aged 56 years, a member of the Chambersburg bar, was found dead in his room at the Indian Queen hotel. He had been on the street shortly before, and his death is supposed to have been caused by apoplexy.

**Mrs. Fannie Shaw**, wife of Thomas Shaw, of Mechanistown, while preparing to visit her brother, Jan. 20th, dropped dead of heart disease.

**Miss Danner's Cantata:** McClellan's Opera House was again crowded on Tuesday evening, to hear the musical entertainment prepared by Miss Eva Danner and her scholars. For several years Miss Danner has given these delightful entertainments, and our people have shown their appreciation of them by their liberal patronage. The programme on Tuesday evening was made up of choice musical selections, "Birds and Fairies," a musical charade, and the "Fairy Bridal." Miss Danner presiding at the piano. All the performers rendered their parts ex-

## Today's Talk

**THE NEARBY CALL**  
It is characteristic of human nature to dream of things far away, rather than to concentrate upon what is close at hand. The famous Mayo brothers decided upon a small town in Minnesota for their hospital and medical center. Rather than be swallowed up in some great city they chose the town of Rochester—and people from all over the world came to them for service and renewed health.

Thomas Carlyle, the English writer and historian, once wrote: "Our main business is not to see what lies dimly at a distance, but to do what lies clearly at hand." Such a simple and intelligent suggestion, but how few of us follow it, or take the advice as a maxim.

There may be the opportunity for helpfulness to someone else across the street from where we live, or in the same town. How we neglect such opportunities! By remaining faithful to our nearby duties and privileges, many a far-off opportunity finds the way to our door-step with good news for us higher up and even beyond!

Most of those who migrated to our larger cities first distinguished themselves in their home town, or else engaged in whatever they could get to do in the larger cities, awaiting the opportunities ahead. They who do not fail the nearby call are sure to be listening for the more important ones. It doesn't matter much where we work, or what we work at, so long as it is useful work and we like it. The happiest workers are those who do the things they most want to do, regardless of the material compensation.

This body of ours receives good news when it is advised that neither yesterday nor tomorrow is to be of any concern, but that today and the opportunities therein are all that matters. Yesterday is history, and tomorrow hasn't even happened!

Tomorrow Mr. Adams will talk on the subject: "The Look On Loveliness"

## WINTER GOLFER

The winter golfer by the fire  
Now plays his favorite course  
in par.

He grants the strokes his friends  
desire.

Though their demands  
excessive are.

The yawning traps his shot will  
clear.

To wiry rough his eyes he  
shuts.

With him no worm-casts  
interfere.

Since on the parlor rug he  
puts.

He studies pictures in the books  
And imitates them, hip and  
wrist.

He's done with slices and with  
hooks.

No shot by him in dreams is  
missed.

While sitting in his easy chair,  
Not once his shoulder ever  
drops.

He won't look up while playing  
there.

The ball he neither shanks nor  
tops.

I would not wake him from his  
dreams.

I'd rather let him doze 'til  
spring.

At home his game so pleasant  
seems.

So smooth and so correct his  
swing.

But this has every golfer learned  
To his dismay from year to  
year:

That when the robins have  
returned

The same old faults will  
reappear.

LEADER FACES  
LONG BATTLE IN  
OUSTER OF SIX

**HARRISBURG (P)—Gov. George M. Leader's** dismissal of six hold-over Republican state officials—to make way for Democratic appointments—was effective at noon today but the controversy over the jobs seems certain to continue indefinitely.

The governor on Friday fired two members of the state Liquor Control Board, two members of the State Securities Commission and one member each of the Workmen's Compensation Board and State Labor Relations Board.

He said the dismissals, made under the state constitution, would produce vacancies requested by the Republican controlled state Senate as a requirement for their confirmation of his appointments.

Leader nominated men to fill the posts on the day of his inauguration but the Senate GOP majority, after approving Leader's cabinet appointees, held up action on the grounds that no vacancies exist. The Republicans said that in effect they would be ousting Republican jobholders by approving Leader's nominations.

**Involved In Dispute**  
Involved in the dispute are: Liquor Control Board—Chairman Frederick T. Gelder and David R. Perry; State Securities Commission—Chairman Raymond A. Cox and Louis J. Conley; Workmen's Compensation Board—Chairman Leo G. Knoll; and State Labor Relations Board—Malcolm B. Petrlikin.

The terms of all have expired. They remain in office under the law which states they continue until their successors are properly appointed and qualified. All appointments by the governor must be confirmed by the Senate. The GOP now holds a 25-24 voting edge in the senate with the absence of the injured GOP Sen. John Van Sant. Thirty-four votes or a two-thirds majority, is needed to confirm an appointment.

An administration source said over the weekend that "an orderly transition" is hoped for in the changeover.

**Rice Is Affected**  
Dismissal notices went out Friday after the attorney general's office notified each of the job holders earlier in the week that he would be fired if he failed to resign.

Leader's appointees for the jobs: Patrick E. Kerwin, Lykens, and John S. Rice, Gettysburg for the Liquor Board; Dr. John L. Dorris, Nanticoke, for the Compensation Board; J. Warren Mickle, Harrisburg, and Frank N. Happ, Harrisburg, for the Securities Commission; and Michael J. Crosetto, Gettysburg, for the Labor Relations Board.

Crosetto and Dorris are Democratic county chairmen; Mickle is state Democratic treasurer.

**Two Won't Contest**  
Gelder and Perry have indicated they will not contest Leader's action so Senate approval of the Liquor Board nominees was considered probable. Leader also has nominated Donald A. Behney, a Lebanon Republican, present secretary of the board, to fill the one vacancy on the three-man group. Meanwhile, Knoll, Cox and Petrlikin declared they are considering court action to test the validity of their removal. Conley, who has been ill at Pittsburgh, did not make his position known preferring to "find out what this is all about" first.

The dismissals were made under section 4 of article 6 of the constitution which gives the governor the right to remove all but elected officials for cause.

U.S. Senator Martin  
Receives Citation

**WASHINGTON (P)—Dr. Francis P. Haas**, former Pennsylvania superintendent of schools, has presented the 1955 citation for the All-Pennsylvania College Alumni Assn. to Sen. Edward Martin (R-Pa.).

Martin said the children of America should be taught in school and at church "the difference between our republican form of government and the communist system of Soviet Russia."

## CRASH DRIVER HELD

## PHILADELPHIA (P)—An auto-

mobile truck collision on the industrial highway in nearby Ridley Twp. yesterday caused the death of Stephen Mower, 45, of Chester.

Justice of the Peace Percival Gerhard held the driver of the truck, William Joseph Leonard, 31, of Baltimore, Md., in \$1,000 bail for a coroner's inquest. He was charged with involuntary manslaughter.

**CAVE CITY, Kentucky**—The wonders around Mammoth Cave come in two varieties—the natural spectacle kind fashioned below the surface millions of years ago, and the peculiar man-made kind, of more recent vintage, along the roadside approaching this national park.

Far more attractive are the ways of nature. However, no visitor heading for Mammoth Cave should set forth without a briefing on the human enterprises to be encountered for they are among the worst tourist traps in the country.

Consider the testimony of George M. Downs, a Baltimore city official, who as an average motor vacationist found himself "taken." Mr. Downs is one of an army of travelers who fall into the same trap and emerge with their dispositions spoiled, if not their vacations.

In his case, he was sufficiently burned to address complaints on the matter to Kentucky officials, and the press of the state. The "Glasgow Times" carried an account of Mr. Downs' experience below this headline:

**MARYLAND TOURIST COMPLAINS OF CAVE HUCKSTERS IN AREA.** Says he was "Taken for Sucker" Near National Park.

Heading toward the National Park, the paper recounts, Mr. Downs came upon a building "with a very official look, patterned after buildings in the National Parks with the United States flag at the front, and a large sign which said 'Official Information' and 'Cave Information.' He entered and was given a map of the area.

## Saw Wrong Cave

"As I thought I was dealing with a representative of the National Parks, I purchased two tickets to a cave at \$2.34 apiece. I was told this was the best cave in the park. The cave turned out to be a second rate attraction, very much undeveloped and with exposed electric lighting and four miles further than Mammoth Cave.

"Once I saw the inside of the cave, I knew I had been taken for a sucker and proceeded to Mammoth Cave, which I enjoyed very much. When I reported my experience to government men, I was told this was a daily occurrence and that my complaint was multiplied many times during the year.

"It is depressing to think how many other strangers will be misled as I was, and waste valuable vacation time and money on a second-rate attraction which is exploited at

Seek Agreement  
With N.Y. Giants

**WILKES-BARRE (P)—Officials** of the Wilkes-Barre baseball club try today to work out a player agreement with the New York Giants.

William Connolly, president of the club, and Harry Rudolph, former business manager of the organization, were to confer with Carl Hubbell, chief of the Giant farm system, in New York.

Connolly and Rudolph were delegated yesterday at a reorganization meeting here. Whether Wilkes-Barre can remain in the Class A Eastern League is dependent on the community owned club getting players.

Wilkes-Barre previously had been connected with the Detroit Tigers. However, relations were severed at the end of last season.

Connolly and Rudolph were scheduled to report back to their organization in Wilkes-Barre Wednesday.

## Deceptive Hucksters

The problem of deceptive highway hucksters has long disturbed responsible Kentucky travel groups. Gene Stuart, manager of the Louisville Automobile Club, who is president of the Mammoth Cave National Park Association, and others, have sought for years to have them brought under control. There is hope now, at long last, following Congressional approval of a proposal by Kentucky's Senator Clements that two competing caves be purchased and put to rest.

In the meantime, if you're heading for Mammoth Cave, bear this in mind: The only place you can join a tour, or buy a tour ticket, is

May Patrol Tunnels  
By Electric Rail Car

**NEW YORK (P)—Narrow-gauge** electric cars are being tried out for use of patrolmen in the Holland and Lincoln tunnels under the Hudson River linking Manhattan and New Jersey.

The cars have transparent plastic bodies, travel on a track on the raised 30-inch catwalks of the tunnels and have speeds of 6 and 12 miles an hour. They are planned for use by police who now walk the ledges to keep an eye on traffic. If use of the car is approved, four patrolmen would be able to do the work that now takes six. But cost of installing four cars in the two tunnels would be \$700,000.

## 150 Miles Of Corridors

Mammoth Cave has more than 150 miles of explored corridors, filled with spectacular rock formations, domes, stalagmites and stalactites, all begun millions of years ago when the inland sea receded. There are varied trips through the cave, ranging from an hour and a half to seven hours. Perhaps the most popular is the four and a half hour trip which includes luncheon at the "Snowball Dining Room," far below the surface. A thrilling treat on the all-day trip is the short boat ride across Echo River, 360 feet underground.

Mammoth Cave is open all year, and the temperature below is a constant 53 degrees. One new feature is a modern 10-unit motor car at Mammoth Cave Hotel. Recent additions within the cave are a spectacular 75 foot steel stairway facilitating the approach to the outstanding formations called Mammoth Dome and Ruins of Karnak and extension of electric illumination along six miles of pathway.

Pitcher Gene Conley is the tallest and heaviest player on the Milwaukee roster. He is 6 feet 8 inches and weighs 225.

## PICK YOUR FIGURES

**GRAND JUNCTION, Colo. (P)—** You can pick your figures to interpret the employment situation in this area. The Colorado State Employment Service figures showed unemployment was up, but so were employment and the number of jobs open. The area is attracting new population because of the recent uranium boom.

## Mules' Kick Proves Too Strong For Bullet Five Who Drop 93-72 Verdict

Muhlenberg took the lead after eight minutes of play and led thereafter to defeat the Gettysburg College cagers 93-72 at Allentown Saturday evening.

Bill Snyder, Al Teti and Eddie Ferren landed four points apiece to spark the Mules to a 12-8 lead in the first four minutes of play but Muhlenberg caught up at 16-16 and then surged out in front at 22-20.

Led by Bob Gall, Jerry Neville and Bill Smith, the Mules widened the gap throughout the second 10 minutes of action. Gall, who captured the scoring honors for the evening with 27 points, tabbed 15 in the first half with Neville and Smith picking up 10 and 11.

Teti landed 13 points and Bill Snyder 12 for the Bullets during the first half which ended with Muhlenberg in front at 46-33.

**Reserves Appear**  
Midway in the final period the score was 66-51 and with 4:30 minutes remaining Coach Birney Crum sent in a new squad after the Mules had sewed up the contest with an 84-59 margin.

Wally Kuligowski, who wound up with 17 points to lead the Bullet scoring, hooped all of his tallies in the second half.

Muhlenberg's taller outfit held a 64-42 advantage on rebounds.

The Bullets, who now have a 3-10 record, will be host to Franklin and Marshall Wednesday evening when they attempt to snap a four-game losing streak. The freshmen teams will meet in the preliminary.

## 7 PENN STATE STARS HURT IN CAR ACCIDENT

READING, Pa. (AP)—Seven persons including three Penn State University track stars and their coach were injured yesterday in an auto collision on rain slick Rt. 22 near here.

Olle Sax, 23, of Kearney, N.J., was the most seriously hurt of the athletes. The outstanding quarter-mile runner suffered a broken left arm and cuts of the face.

The other athletes, Art Pollard, 20, intercollegiate AAAA sprint champion, and Rod Perry, 20, conquerer of Harrison Dillard in the 50-yard high hurdles of the Inquirer Games Jan. 21, were returning with Sax and Coach Charles D. Werner from the Millrose Games in New York.

Pollard and Perry who are from Coatesville, Pa., suffered cuts of the face and legs.

Also injured in the crash were Werner's two daughters, Nancy, 16, and Patricia, 13, and the driver of the other car, Mrs. Emma R. Seyfert, 60, of nearby Bernville.

The two girls suffered cuts and bruises and Mrs. Seyfert received a broken leg and fractured nose. Werner, 46, suffered cuts of the face, arms and legs.

## NIELSEN SETS INDOOR MILE MARK; RASSLIN' BOUT DETRACTS

NEW YORK (AP)—Save a little sympathy for Gunnar Nielsen. He deserves it.

The sorrell-topped Copenhagen pressman held the world indoor mile record today, but his fine performance—4:03.6, which shaved two-tenths of a second off Wes Santee's week-old mark—has been all but lost in the shuffle.

In fact, it is safe to say that not more than a handful of the 14,736 spectators who jammed Madison Square Garden to the Millrose Games Saturday night saw him break the tape.

**Rasslin' Match On**  
There was a better performance going on behind him. Santee and Fred Dwyer were engaging in a lively rasslin' match.

Dwyer got the decision, breaking out of Santee's hold to cross the finish line behind Nielsen. But the judges disqualified him and Santee was awarded the place.

Nielsen came on from third place to pass Santee on the turn leading into the home stretch. Wes went wide to fight of the Great Dane and Dwyer tried to sneak in on the inside.

**Dwyer Struggles Over**  
Santee moved back into his pole spot when Nielsen shot past and in the process shoved Dwyer right off the track. Fred hopped back on the track and some more pushing kept their minds occupied. Santee grabbed Dwyer's shoulder, and Fred retaliated with a bear hug.

Dwyer finally broke loose and staggered across the line. Some officials caught him in 4:06 and Santee and Bob McMillen of the Armed Forces each in 4:06.5.

"I shouldn't have been disqualified," scowled Dwyer. "At least if they disqualified me, they should have disqualified him, too."

Santee shrugged it off, terming it an "unfortunate incident."

## ST. FRANCIS 5 WINS 1ST TILT

St. Francis Xavier School won its first court game of the season by downing the St. Vincent cagers of Hanover 34-25 on the winners' court Sunday afternoon.

St. Francis fell behind 8-2 at the end of the first period but recovered to rally and win. John Gastly was high man for the winners by hooping 15 points while Don Thomas tallied 12 for the losers.

The St. Vincent reserves lost to the St. Vincent reserves 17-13 in a tightly contested affair. Utz was high man for St. Francis while Hockensmith landed eight for the visitors.

**Luzerne Is Threat**  
The Blue Bombers, also of Dist. 1, now 19-0 and first high champions of the Lehigh Valley League, downed Emmaus Friday, 74-42. The score was typical of the Bombers activity through the current campaign.

Another threat in the east is powerful Luzerne, of the Dist. 2 Valley League, now riding on top of a 19-0 season record. In Friday action Luzerne brushed aside Edwardsville, 82-50.

In Dist. 4, powerful Sunbury is threatening to take over the crown all but vacated by defending district champion Williamsport.

The Owls so far this year are undefeated in the Susquehanna League, boasting a 12-0 count for the campaign.

**No. 3 Perennial**  
In Dist. 3, perennial champion Chambersburg is once again mastering opposition in its home South Penn Conference. The first half winners have taken two straight in the second half campaign, including an 86-62 win over Shippensburg.

In the west, Meadville was given assurance it would have at least a title for the Sect. 2 of Dist. 10 crown. Meadville, the defending district champion, needs only one more victory in league competition to win the Sect. 2 title again this year and a chance to fight for another district crown.

Farrell, defending state champion and Dist. 7 king, has a comfortable lead over the opposition in its home Sect. 3 of the WPIAL.

The Steelers received an assist from Beaver Falls Friday when the Beavers knocked over second place Sharon. The Beavers' victory gave Farrell a two-game margin shock absorber for its next four league games.

177—Co-Capt. Bill Sells, Gettysburg, decided Bob Baratta, 6-5.

Heavyweight—Dick Mitchell, Gettysburg, decided Dick McChesney, 5-2.

Saturday's meets was a gruelling affair all the way. There were no pins and all of the individual matches were exceedingly close.

Other decisions for Gettysburg were captured by Ken Purdy, 123; Skip Lewis, 147, and Co-Captain Bill Sells, 177. Sells was handicapped due to a leg injury.

The tie gives the Bullets a record of three victories, one defeat and one tie.

Gettysburg will be idle until Wednesday, February 16, when Franklin and Marshall comes here for an engagement. The meet scheduled for Saturday with Virginia at Charlottesville was cancelled due to a mixup in scheduling by the Cavaliers who also booked F. and

## PIAA UPSTARTS FIGURE IN PLAY FOR '55 TITLES

HARRISBURG (AP)—The battle for eastern division honors in the PIAA basketball campaign is shaping up as a struggle between traditional powerhouses.

But the struggle will be complicated by a couple of red hot upstarts now working on undefeated records and league titles.

Allentown, perennial favorite for East Penn League and Dist. 11 honors, kicked off its second half campaign Friday, crushing hapless Pottsville, 70-41.

**15 For Chester**  
At the same time, 1954 state runner-up Chester defeated Norristown, 67-53, to extend its current unbeaten string to 15. The Clippers have dropped only one—a close one in the opener to West Philadelphia, 35-30.

But Chester, the Dist. 1 champ, and Allentown, seeking its 11th official East Penn crown and another try for the state title, are definitely threatened by a group of rugged eastern clubs that could knock over either if properly aroused.

Palmerston is a direct threat to the Canaries and a potential threat to Chester—assuming things go the way they have been.

**Luzerne Is Threat**

## DELONE HANDED 78-46 LOSS BY YORK CATHOLIC

Delone Catholic was swamped by the Irish of York Catholic 78-46 on the winners' court Sunday afternoon. The game marked the opening of the second half in the Central Penn Basketball Catholic League.

Delone was outclassed in all departments. Led by Charley Phillip, big 6'7" center, York had a great height advantage. York outscored the Squires 23-12 in the first period, on Phillip's rebounds, Walt Keffer's long set shots, Don Shubert's corner shots and Tom Williams' one-pointers from the foul line.

Delone scored their first point 1:16 minutes after the game had gotten underway. Redding, Greenholt and Staub hit for the only two pointers by sinking a set, jump and lay-up, respectively. Funk and Greenholt added six more points from the foul line.

The second frame again saw Delone confined to three field goals. After 1:38 minutes Dan Greenholt landed a jump from the foul circle. Jim Breighner followed with a set from the side and Duddy Redding went into the corner for another set to end Delone's outside threat.

Breighner, Funk and Staub contributed to the free throws. Keffer continued on his scoring spree by dumping four set shots and a pair of lay-ups on fast breaks. Phillip hit on a corner jump shot while Shubert and Lytle looped one-handed push shots.

The only two fouls were those of Charley Phillip. As the first half came to a close the Squires had fallen behind 45-23.

**Irish On Spree**  
York went on its biggest scoring spree in the third frame by tallying 26 points to Delone's 14. Williams hooped a push and pair of free throws, while Phillip uncorked a jump from the corner. Redding landed a foul as Phil Staub followed with a lay-up. Atkinson, Phillip, and Keffer then swished four fouls and a long set. Dan Greenholt hit on a couple of free throws but Phillip and Keffer retaliated with tap-ins, hook shots and one-pointers.

While Breighner netted a jump and lay-up, Greenholt tossed in a long set and Redding contributed another foul. Verdier landed his first jump of the afternoon and was aided by Keffer's pair of free tosses. Phil Staub jumped high to knock in a rebound as the buzzer sounded.

With the help of a few partial freezes on the part of both teams, Delone outscored York 9-7 in the final period. Breighner and Redding did all the scoring the first five minutes of play by dropping in a trio of fouls and a jump shot. After 5:15 minutes York tallied its first point on Verdier's foul. Staub netted a rebound while Nagle swished another foul. Funk went in for a lay-up as Nagle matched him on the other end of the court. As the game ended Verdier unleashed a jump shot.

Walt Keffer and Charly Phillip led the winners by totaling 24 and 21 points, respectively. Jim Breighner, Delone's fine ball handler, was high for the losers with 11.

**Jayvees Defeated**  
The York reserves captured the preliminary contest by downing the Delone reserves 56-40. Delone picked up a four-point lead but soon lost it and trailed throughout the game. Tom Nagle landed 25 points for the winners while Jim Strazella tallied 11 for Delone.

On Tuesday the Squires will meet their neighborhood rivals, the Hanover Nighthawks, on the Hanover court.

## Mechanicsburg To Oppose GHS Cagers Here Tuesday; County Teams Face Action

## NCAA TOURNEYS START FIRING IN ONE MONTH

By ED CORRIGAN  
The Associated Press

The college basketball powers were beginning to think seriously in terms of the post season tournaments today as the campaign moved into the final four weeks.

It is a crucial stage for the big boys because this has been an unusual season. Some of the top-ranked outfits have been beaten by teams that didn't figure at all in the preseason forecasts.

Just one month from today, the firing starts in the NCAA Tournament. Some of the conferences are just going through the motions, while others probably will not be decided until the final game of the regular season.

**Utah Should Breeze In**  
In the Skyline, for example, Utah shows a 7-0 record and should breeze in. Brigham Young, the next best with 4-2, can only hope to make it close.

The same holds true in the Northern section of the Pacific Coast Conference, where Oregon State is the undisputed master with a 10-0 record.

At the other end is the Ivy League. Four clubs still are in the running. At the moment, Penn. has a 6-1 record, is at the top. But the Quakers meet Columbia, the No. 2 team with a 5-1 mark, tomorrow night. Cornell and Princeton also could sneak in. Each has lost only two.

Besides the conference champions, nine independents are selected for the NCAA Tournament. Among the best prospects are San Francisco (15-1), Duquesne (12-3), Marquette (16-1), Dayton (16-3), Cincinnati (17-3), Connecticut (15-2), Villanova (12-4), Niagara (14-3), Canisius (11-3), Memphis State (15-3), LaSalle (16-4) and Holy Cross (12-4).

Here is how the rest of the major conferences stand:  
Big Ten — Iowa and Minnesota tied with 5-2, and Illinois very much in the running with 4-2.

Atlantic Coast — A close battle with Maryland leading at 8-2 and three teams — Duke, North Carolina and North Carolina State — all tied with 7-2.

Southern — Richmond in first place with 8-1.

Southeastern — Kentucky, the No. 1 team in the Associated Press poll, is king until someone proves otherwise. Right now Alabama, with a 5-1 league record, is at the top of the heap.

Missouri Valley — Tulsa and St. Louis could stay neck-and-neck right down to the end. Tulsa has a 4-1 record and St. Louis 3-1.

Pacific Coast Southern Division — Stanford and UCLA are tied, each with 5-1. They meet twice at Los Angeles this weekend.

**Leads In Money**  
His drive was good and then came the shot he needed—a spoon from 240 yards out. It landed on the green. Gene knew he could birdie with two putts. His first one stopped 18 inches from the hole. His second was in—and so was Littler, who so far this year leads the pros in money winnings with \$8,709.

Littler had 1 over par 34-36—70 on the Arizona Country Club course for his final round, but it was good enough to give him a 275 winning total.

Billy Maxwell, of Odessa, Tex., the 1951 U. S. amateur champion, had finished with 67-276. Gene knew it. He also knew that Johnny Palmer was behind him, 3 over par. A birdie in the final hole would virtually clinch the title, and the calm 24-year-old Californian was up to the task, even though this was his first Phoenix tournament.

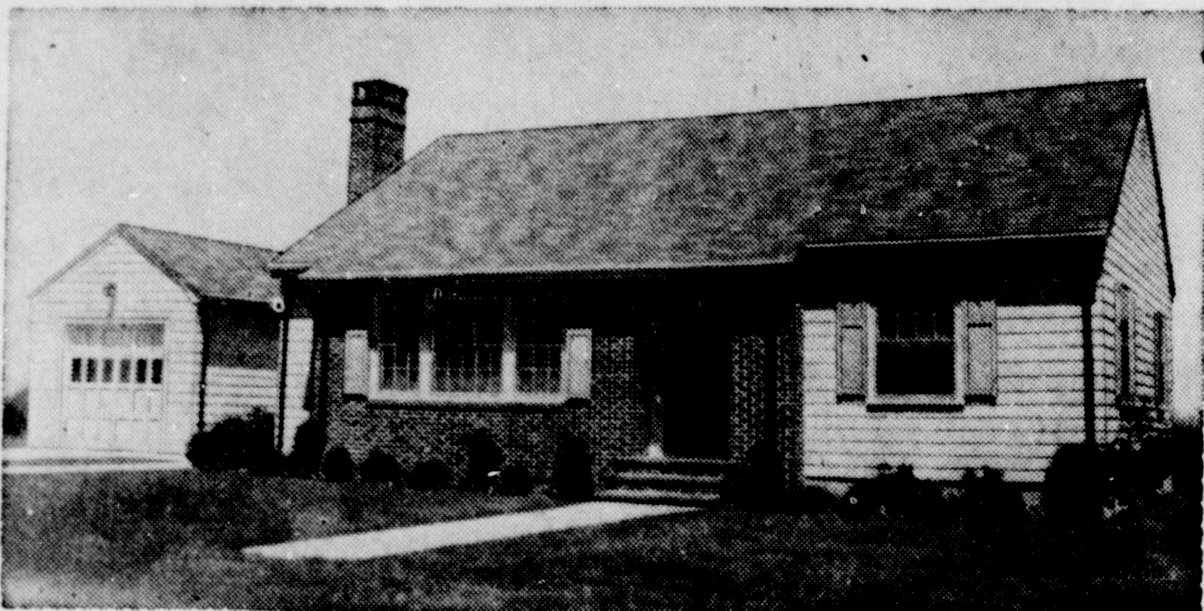

**\$1,000 Winners**  
Littler led the tournament at the end of the first round, relinquished it to Palmer, of Charlotte, N. C., at the midway point and pulled even with Johnny and Jay Hebert, of Woodmere, N. Y., after 54 holes.

Hebert went 5-over-par on the first nine over the 6,684-yard course and was out of contention. Palmer stayed even with Littler through 11 before falling behind to finish with a 72-276 in a second-place tie with Maxwell. Both collected \$1,000.

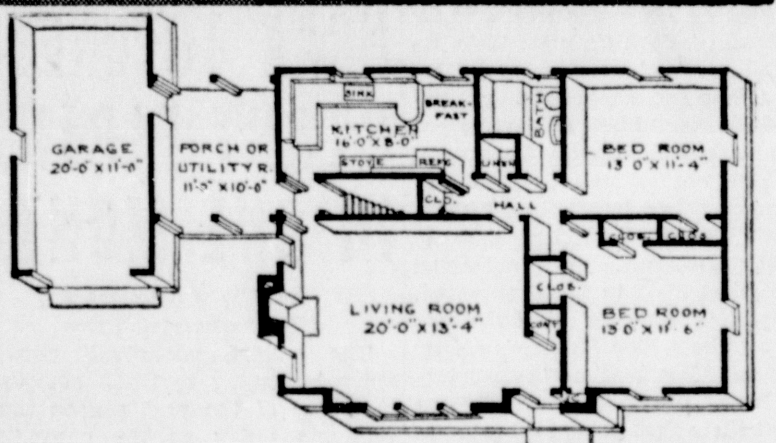

Getting \$1,000 for 278s were Cary Middlecoff, of Klamath Falls, N. Y., with a 69 yesterday; Jerry

Rooms Five  
Bedrooms Two  
Closets Six  
Cubage  
House 19,500 ft.  
Garage 3,600 ft.  
Dimensions 37'x26'

Although it bears the name "The Suburban," the house presented today by Home of the Week Plan Service could be built in the city, country or suburbs and it would be cozy and attractive home.

As you can see by the illustration, "The Suburban" lends itself most charming to a combination finish. However, if you prefer plain masonry, shingles or clapboards you can use these finishes to give "The Suburban" a thoroughly attractive appearance and one completely in keeping with the architectural style of the house.

The house proper measures 37'x26'; you'll have to add another 20' for the garage. Cubage of the house is 19,500 feet; cubage of the garage is 3,600 feet. At least an 80-foot lot would be required to build both the house and the attached garage.

There are but two bedrooms in "The Suburban," but both are spacious rooms. Each bedroom reaps the benefits of cross ventilation. The larger of the two bedrooms, and

the one you'll probably use as the master bedroom, has three closets. The other bedroom has one large closet.

While there is no dining room proper in "The Suburban" there is a good sized breakfast nook in the kitchen. You can serve the majority of the family's meals in this pleasant, well-lighted area. For formal occasions you can use the living room where there is ample space for your dining room furniture.

Charming, spacious and well lighted, the living room will also be used for gatherings of family and friends. Centered in the left wall of the room the fireplace lends a cozy and decorative note to the

room; plan your furniture arrangement around the fireplace and the abundance of windows in the room.

Because it's so much more convenient to have your laundry on the same level as the house proper rather than in the basement, you'll probably want to enclose the porch or utility room and have your laundry equipment installed there. Provide doors in both the front and back walls for easy access to the yard.

Then, the only required installation in the basement of "The Suburban" will be the heating equipment. This should be located under the living room. You will have an abundance of basement area to do with as you wish.

**Blueprints Available**  
Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost.

For plan prices, write to the Home Building Editor, The Gettysburg Times, Dept. 18, and enclose a self addressed, 3c stamped envelope. Allow seven to 10 days for a reply.

## EERIE WINDS KEEP CHUTIST IN AIR 35 MIN.

SAN ANTONIO, Tex. (AP)—A jet pilot says he hung helplessly in his parachute more than half an hour while eerie winds kept him aloft. "I'm lucky to be alive," said Col. W. O. Beane, of Norfolk, Va., yesterday—his 35th birthday.

Strange air currents kept him aloft 35 minutes Saturday night after he bailed out, he said. Returning to Randolph Air Force Base from Luke AFB, Ariz., Beane's T33 jet trainer ran low on fuel. He ejected himself into the night at 7,000 feet. The plane crashed some 20 miles north of here.

**Plopped Into Tree**  
He said that after his chute popped open unusually strong vertical updrafts either held him in check or forced him upward.

With clouds, sleet, rain, snow and darkness, he said, he couldn't even see the parachute's canopy. He knew the exact time, he said, because all he could see was the glowing dial of his watch—"I had nothing else to do but look at it." It was 30 minutes after he jumped before he spotted his first sign of earth—two small lights twinkling below. Five minutes later he plopped into a tree. A rancher gave him coffee. Beane suffered only scratches and bruises.

## NEW QUESTIONS FOR DULLES AS HE GOES AFTER SENATE'S OKAY

By LEE GARRETT  
WASHINGTON (AP)—A weekend go-ahead on U.S. plans to aid in evacuating the Tachen Islands posed new questions for Secretary of State Dulles today as he prepared to ask Senate committee approval of a mutual defense treaty with Nationalist China.

Orders sending the powerful U.S. 7th Fleet within range of Communist guns for the Tachen evacuation were issued Saturday amid expressed hopes for peace and a Navy warning that any Red attack "will be considered as interference with the mission of the fleet."

Dulles, who returned only last night from a vacation in the Bahamas, faced almost certain questioning not only about that action but also about possible new cease-fire moves and the entire Far Eastern situation at a closed hearing before the Senate Foreign Relations Committee.

**Big Question**  
The hearing was called to consider the mutual defense pact signed Dec. 2 between this country and Nationalist China under which United States pledged its aid "in accordance with its constitutional procedures." If Communist forces should attack Formosa or the nearby Pescadore Islands.

How much additional Nationalist-held territory this country might consider necessary to the defense of those main islands is one of the questions raised by the evacuation of the Red-menaced Tachens.

The State Department said Nationalist leader Chiang Kai-shek asked and got U.S. aid in the evacuation, designed to shorten defense lines. But he did not get the public assistance he also had sought for an American pledge to defend Quemoy and the Matsu Islands.

**Surt Of Approval**  
Quemoy and the Matsus are located near the China mainland, opposite major ports which might well be assembly areas for any invasion of Formosa.

Sen. Knowland (R-Calif.), Senate minority leader, said he is confident the mutual defense treaty will be approved. But Dulles apparently faced some questions about the treaty itself in the light of developments.

## Killed By Car On Way To Attend Mass

TAYLOR, Tex. (AP)—Rains last week delayed plans to build a small house on the grounds of Our Lady of Guadalupe Church here so that Mrs. Francisca Mendoza, 82, would not have to cross the street to attend mass.

Yesterday Mrs. Mendoza died in a hospital of injuries suffered when she was hit by a car while crossing the street to mass.

## Train Reaches Boom Town 50 Years Late

KITIMAT, B. C. (AP)—When the first train pushed through to the outskirts of this one-time Indian village, now a booming aluminum plant center, it was 50 years behind schedule.

Kitimat was charted as the West Coast terminal of the Canadian National Railway early in the century. Speculators tied up land along the route, however, and the line veered north to Prince Rupert, just "across the tracks" from the southern tip of Alaska.

Now the new 10-million-dollar, 46-mile rail link will be a line of supply and a shipping route for the giant aluminum reduction plant and an expected pulp mill which will give birth to an industrial city in the wilderness. Kitimat is 400 miles north of the United States border.

man of the committee's Far Eastern subcommittee, said he wants to ask Dulles' views whether ratification of the treaty would have the effect of recognizing a Nationalist Chinese title to the islands.

"This may be a legalistic question," Sparkman said, "but I think there should be some clarification of it."

One recent study shows that the average American man walks 9 miles a day and the average woman 10.

## PINAY SEEKING TO FORM 21ST FRENCH CABINET

By HARVEY HUDSON  
PARIS (AP)—Antoine Pinay, a conservative who once said he would "never go back into that bear cage," sought support today for his second term as French premier.

The 63-year-old owner of a small-tannery agreed last night to try to form France's 21st postwar government, succeeding the Cabinet of Pierre Mendes-France. Pinay told newsmen he hoped to have his list of prospective ministers ready by Thursday.

One of the longer-lived of France's numerous postwar premiers, Pinay headed the government for 9½ months in 1952. He won considerable personal popularity with his conservative "save the franc" fiscal policy, which checked rising prices though it did not solve France's basic economic ills. Facing three confidence votes and considered certain to lose all of them, he resigned Dec. 23, 1952, and vowed never again.

**On The Sidelines**  
He tried again to form a government, however, during the record 37-day government crisis in the summer of 1953, but failed.

Otherwise, he has been on the sidelines. A prim, almost dour little man, he rarely spoke in the Assembly but was a powerful voice in his Independent Republican party and a stubborn opponent of Mendes-France.

His party and the MRP were the backbone of the last Premier's opposition. When the Communists, a bloc of Mendes-France's own Radical Socialists, and some of the Gaullists joined them in voting against the Premier's North Afri-

can policy Saturday morning, the Cabinet fell after 7½ months in office.

He probably can expect the immediate backing of the Independents, the Peasants and the Republican and Social Action group of dissident Gaullists.

This would assure him at the most, of 135 of the Assembly's 627 votes. Because of a recent constitutional change, he will need only the approval of a majority of the deputies voting on the motion to confirm him. Previously, confirmation has required a majority of the Assembly membership, 314 votes.

## Steals Valentine For Mother In Holdup

LOS ANGELES (AP)—Druggist Basil Clark told police a man looked over valentines in his store for some time, then produced a pistol and said: "Okay, Pops. This is a stickup."

Clark said the man beat him with the gun, knocking him to the floor, took \$35 from the cash register and fled. He also took a large valentine, with a lavender heart and a verse reading:

"To her, whose love and tenderness ever lingers in my heart, the sweetest valentine of all, my mother."

Increases Gains up to 37%

In carefully-controlled tests at the Iowa State Experiment Station, live weight gains were boosted as much as 37% (¾ lb. per steer per day) by adding diethylstilbestrol to a high-corn fattening ration. And on high-roughage rations, where cattle were being wintered, it stimulated gains 10 to 15%.

Decreases feed costs 2 to 4¢ lb.

Diethylstilbestrol reduced feed costs in these tests 10 to 20%, which at today's prices saves about 2 to 4¢ per lb. of gain. And results in other reliable experiments confirm that diethylstilbestrol boosts both feed efficiency and rate of gain.

## YOUNG WOMAN'S BODY IS FOUND WITH 40 WOUNDS

NEW YORK (AP)—A young woman graduate college student was found choked and stabbed to death yesterday in a dingy, sixth-floor Manhattan tenement.

"One of the most brutal murders I've ever seen," said Police Capt. William Schnabel after inspecting the death scene.

The body of Anne Yarrow, 23, was discovered yesterday by a friend who had gone home to South Carolina for 10 days and allowed Miss Yarrow to use the apartment in her absence.

Herta Payson returned to her sixth-floor frugal lodgings to find the front door almost ripped from its hinges and the latch smashed. Her friend's mutilated body was sprawled on a mattress on the floor, clad only in a sweater and stabbed at least 40 times.

No weapon was found. There had been some kind of assault on the attractive, dark-haired woman.

Parents Are Divorced  
A neighbor told police of hearing screams around midnight, and another said the phone had been ringing in the Payson apartment around 3 a.m.

Police figured this ringing might have been a return call from Miss

Yarrow's father, whom she had tried unsuccessfully to reach earlier in the evening. The father, Don Yarrow, a photographer, lives in Ventura, Calif.

Miss Yarrow's parents are divorced and her mother, now married to ship captain Alex Kaelep, lives in Astoria, Queens, New York City. The slain girl was a 1953 honor graduate of Guilford College near Greensboro, N. C., and had lived with her mother and stepfather until she recently took an apartment with two other girls in Brooklyn.

The mother, weeping bitterly, sobbed yesterday: "My daughter, she was idealist. I don't know why they are always the ones who get killed."

Although she had occasional dates, a friend said, the slain girl did not regularly date any particular person.

Miss Payson told police Miss Yarrow had asked to use the apartment because she wanted a chance to be alone after splitting up with a boy friend who knew the location of the Brooklyn apartment where she had been living.

Miss Yarrow had been a graduate student at the Washington Square College of New York University here.

him for a slight laceration of the forehead and then was removed to the Adams County jail on a charge of driving while under the influence of alcohol placed before Justice of the Peace John H. Basehore. Megonnell expected to receive bail today for a hearing Tuesday morning before the justice.

Damage to Megonnell's car was estimated at \$1,000 and damage to the Skinner auto was estimated at \$2,000. Van Nort said flames had been placed on the road immediately upon his arrival at the scene.

## OVER \$12,000

(Continued from Page 1)

gutter of the road near the scene. A downpour of rain quickly filled the makeshift pond on the road, and with the aid of a portable pump firemen were able to draw water from that source.

Blame Short Circuit  
Firemen said they believed a short circuit on a tractor may have caused the blaze. The tractor was placed in the shed about 4:50 o'clock Sunday afternoon. Ten minutes later Mr. Strausbaugh found the shed afire, with the blaze apparently above the tractor that had only a few minutes before been placed in the building.

Despite slush and rain, the fire trucks had no difficulty in negotiating the "all uphill" road to the Strausbaugh farm, but other firemen who followed in their own cars had difficulty in reaching the scene.

While engaged in playing seven streams of water on the building adjoining the shed and the shed itself, firemen also found themselves engaged in a "pig roundup." The animals had been let out of the pens when Mr. Strausbaugh discovered the fire but they kept seeking to run back to their pens, and firemen joined in a "round up" to get them to safety. They estimated "at least 20 pigs" were thus caught and carried to safer quarters.

Some Insurance  
Because of the intense heat, firemen frequently had to work in "curtains of water" to keep the blaze from spreading. Firemen playing one hose on the wagon shed were drenched by water from another hose to permit them to remain close enough to the structure to get the water where it was needed.

A slight breeze blowing the fire away from the wagon shed plus the continuous downpour of rain was credited by firemen with "helping us save the big shed."

The loss was partially covered by insurance.

## Ike Asks Uniform Absentee Vote Law

WASHINGTON (AP)—Governors of the 48 states have been asked by President Eisenhower to seek passage before next year's elections of uniform state laws regulating absentee voting by service personnel.

In a letter to the governors, made public last night, Eisenhower asked that state legislatures act this year to enact statutes "tested against the experience of World War II voting."

Administration recommendations for such laws are contained in a proposal to codify federal laws on absentee voting.

## NIXONS DROP DOWN IN HAVANA

HAVANA, Cuba (AP)—Sugar and communism occupied the chief attention of Vice President Richard M. Nixon today as he began the first round of official calls on his 12-stop Caribbean tour.

Accompanied by his wife and Henry Holland, assistant secretary of state for Inter-American affairs, Nixon arrived from Washington last night after one of his plane's four engines went out on commission. His four-week itinerary also includes Mexico, Guatemala, El Salvador, Honduras, Nicaragua, Costa Rica, Panama, the Virgin Islands, Puerto Rico, the Dominican Republic and Haiti.

Nixon announced Holland was flying on today to Rio de Janeiro "to continue negotiations on various economic projects which have been pending for some time."

Economic Problems  
Neither Nixon nor Holland would specify what was to be discussed in Rio, but it was believed several major Brazilian economic programs would be gone over. Nixon emphasized that the visit had "no relation whatsoever" to political affairs, which have been turbulent in Brazil since top military leaders there called on the numerous political parties to reduce the number of presidential candidates in order to avoid public agitation.

Holland is expected to rejoin Nixon in Mexico City later this week.

Nixon's schedule today included an official call on President Andres Bello, a private visit with president-elect Fulgencio Batista, and a dinner honoring the vice president and his wife at the presidential palace tonight.

Sugar, on which Cuban economy largely depends, was the major topic for discussion between Nixon and his hosts.

CHESTERTOWN, Md. (AP)—The odor of pickles led to an arrest on a charge of robbing a jewelry store. Police Chief Howard Hadaway found a cap and jacket in the building while housed the jewelry store. There was the unmistakable odor of pickles on the clothing.

Hadaway followed his nose to a local plant which packs pickles and found a suspect at work with some of the loot in his possession.

## Red Antiaircraft Fire On U.S. Jets

WITH U.S. 7th FLEET IN Port of Mosan Waters (AP)—Chinese Communist fired upon U.S. carrier-based jet planes flying at high altitude, a pilot reported. He didn't report any damage.

The pilot said the Communist guns were on small islands north of the Tachens, from which 30,000 Chinese Nationalist troops and civilians are being evacuated.

He said the mid-afternoon gunfire came close to planes flying off a U.S. carrier. But, he added, no Communist warplanes were encountered.

The pilot said there were many ships clustered offshore from the Tachens and evidence of much activity.

MOST PEOPLE still don't believe it. But it is true.

And when you look into the facts, you'll find these two solid truths:

Buick is one of the "Big Three" in sales volume—and hotter this year than ever before. And Buick is one of the "Big Three" when it comes to prices which make such popularity possible. The price we show here proves it.

So why not get what a Buick has to offer, if you are in the market for a new car?

You find that the dollars you pay for Buick buy you a lot more automobile—and the sheer satisfaction that comes with bossing a brawny traveler of this caliber.

You find it in the record-high V8 power that gives life to this spirited performer. You find it in the soft and level and cruiser-steady

ride that comes of all-coil springing and torque-tube stability. You find it in the extra roominess, the extra frame strength, the extra tread width, the extra silencing—all part and parcel of every Buick

We could tell you about the little things, too. Things usually charged for as "extras" in other cars, but yours as standard equipment at no extra cost in every Buick. Things like direction signals, oil-bath air cleaner, full-flow oil filter, automatic lighting in glove and trunk compartments—and so on.

But—you get the idea. This is a buy, this '55 Buick—a great buy—and a thriller from the instant you press its gas pedal. Come in this week and check things for yourself, won't you?

\*2-door, 6-passenger Buick SPECIAL Sedan, Model 48, illustrated. Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as: Heater & Defroster...\$81.70; Radio & Antenna...\$92.50.

## Your Income Tax Figuring Tax Or Refund

By FRANK O'BRIEN  
By The Associated Press

The preceding nine articles of this series—a guided tour through your income tax return—have led up to the point where you are now ready to get right down to the crucial business of figuring out whether you still owe the government some tax money, or if you have a refund coming.

You have filled in the top of the page—give the names and social security numbers of both husband and wife if it is a joint return. You have decided whether you are filing a joint return, filing separately from your husband or wife, or as an unmarried person, or filing under the special provisions for a head of household or a recent widow or widower.

You have listed and counted your exemptions. You have determined whether you have any exclusions for sick pay, dividend income, pension or annuity income, or for any other type of income such as a scholarship. You have computed any credits which may be coming to you for dividend or retirement income, or for any overpayment of social security tax. You have figured out your business-connected deductions, and have subtracted them from your total wages, entering the result as your total wages on page 1 of form 1040.

You have decided whether to itemize your personal deductions or take the standard allowance. If you itemized, you have your total entered on page 3 of the form. You have figured out and entered on page 2 of the form all your income that must be reported but on which income tax has not been withheld, and have transferred the total to item 5 of page 1.

**Adjusted Gross**  
You get your adjusted gross income—the part of your income on which your tax is figured—by subtracting from your total wages (from which you have already taken any business-connected deductions, and sick pay exclusion coming to you, and adding to the result any other reportable income you have.

If you are filing under the special provision for a head of household or a surviving widow or widower, check the correct box just under the space for your adjusted gross income.

Then you are ready to find your tax liability in the tax table on the back of the instructions mailed with your return, if your adjusted gross income was less than \$5,000 and you did not itemize your personal deductions.

If your adjusted income was \$5,000 or more, or if you itemized your personal deductions regardless of the size of your adjusted gross income, you must compute your tax liability.

In the tax computation table on page 3 of the return, you enter your adjusted gross income, and then subtract from it your total personal deductions. Then you enter the dollar value of your exemptions—\$600 for each exemption—and subtract that from what is left of your adjusted gross income. That gives you your taxable income.

**Figure Liability**  
Single persons, married persons filing separately and heads of household then figure their tax liability on the basis of the taxable income just determined. Special tables on page 14 of the instructions help you determine your tax liability.

If you are filing a joint return, or are a widow or widower entitled to compute your tax as though it were a joint return, you split your income, find your tax liability on half of your taxable income in tax rate schedule 1 on page 14 of the instructions, and then double the result to get your full tax liability.

All who compute their tax liability enter it at the bottom of Page 3. Then back to Page 1, where you will take dollar and cents bites out of that tax liability if you have dividend or retirement income credits coming to you. These you figured out and entered on Page 4 of the return. You now bring any credits you computed over to Page 1 and subtract them from your tax liability.

liability.

To your remaining tax liability you add anything you owe for self employment social security tax.

Generally this applies to self employed persons who are within the social security system. Since their social security tax is not withheld because they are not paid wages, they pay it themselves.

**3 Per Cent**

The tax is three per cent of your first \$3,600 net earnings from self employment.

But—if you were partly self employed during 1954 and worked part of the time for wages on which social security tax was withheld, you do not pay the three per cent self employment tax on the full \$3,600. In this case, you pay it on \$3,600, minus the total wages you earned from which social security tax was withheld.

The self employed will need to get special Schedule C (from a post office or bank) and fill it out. On the back of this you will find an outline of the many provisions and exceptions which may apply to your self employment situation. These complexities are laid out fully on Pages 153-154 of "Your Federal Income Tax" published by the revenue service and available from the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C., for 25 cents in coin or money order.

**Add in any self employment tax you may owe, and you get the big figure—your tax.**

That figure may indicate you still owe the government some money.

**May Have Refund**

Or it may indicate that you have a refund coming to you.

You determine which by adding together, on Lines 12A and 12B of Page 1 the tax you have paid through the year in amounts withheld from your salary, and any estimated tax payments you have made.

You get your withholdings total from the withholding form (W-2) supplied by your employer. (Do not forget to attach one copy of this to your return keeping the other for your records.)

If the tax payments you have made are smaller than your tax, you still owe the government.

But if your tax payments are larger than your tax, you may ask for a refund, or ask that the overpayment be credited to your 1955 tax.

Then you complete your return by checking the "Yes" or "No" boxes at the bottom of Page 1, and by signing the return. Both husband and wife must sign if it is a joint return, even if only one had income. Mail the return to your district director's office. These are all listed on Page 2 of the instructions.

And that squares you for 1954 with Uncle Sam's treasury!

## Water Pollution May Dampen Friendship

LANSING, Mich. (AP)—In Michigan, which describes itself as a "Water Wonderland" water pollution is a costly, growing problem and a threat to friendly relations with Canada. Phenol, the principal constituent of carbolic acid, is found in the St. Clair and Detroit Rivers and Lake St. Clair—the sources for Detroit and most of southeastern Michigan.

It comes mostly from oil refineries around Sarnia, Ont., says Milton P. Adams, secretary of the Michigan Water Resources Commission. Adams says, Detroit has spent \$1,400,000 on extra chemicals for its water purification in the past 10 years. But that would be only a drop in the bucket, should Detroit be forced to go to Lake Huron for its water. That would be a 200 million dollar project.

Other cities, too, are having their troubles with phenol and Michigan's attorney general has served notice on Canada the state expects it to pay damages for pollution up to this time and to halt it or continue to pay damages.

The recorder, a flute-like instrument, is now being played by approximately 250,000 people.

## MATUSOW CASE MAY LIMIT USE OF FORMER REDS

By JAMES MARLOW

WASHINGTON (AP)—Unless the government can turn the tables on Harvey Matusow—for example, by proving he lies when he says he lied—its use of ex-Communists as professional witnesses will suffer damage.

He has sworn that some of the testimony which he has given about communism in this country was a lie. He was a member of the Communist party but claims he left it. Rep. Walter (D-Pa.), chairman of the House Un-American Activities Committee, says he's convinced Matusow has always been a Communist and has been used by the party to discredit government Red hunts.

**Was He Paid?**

Walter did not explain whether he meant Matusow, who has expressed a liking for money, was paid by the party to repudiate his testimony or whether in all he has said and done Matusow was acting as a loyal party member.

There are some differences between Matusow and Whitaker Chambers, the best-known of the

ex-Communists who gave testimony for the government against communism.

Chambers, whose testimony sent Alger Hiss to jail for perjury, wrote a book, "Witness," after he had made headlines with his revelations. The book was in support of his testimony.

Matusow, who gained sporadic headlines working with Sen. McCarthy (R-Wis.) and through his testimony at congressional hearings and in court trials, has written a book, "False Witness," repudiating himself.

**Filed Affidavit**

(He recently filed an affidavit in New York, swearing that his testimony at the trial of 13 convicted second-string Communist leaders was phony.)

Chambers was a secret government informer for years, but only after he left the party. He says in his book he gave up a "secure future" and a \$30,000-a-year magazine job.

Last week at a news conference, Matusow said he became a professional witness because it was "a racket" and he liked the notoriety.

When Chambers first became a public witness, his testimony seemed incredible. He was vindicated when Hiss was convicted.

After that the public got adjusted to believing ex-Communists.

ADVERTISE IN THE TIMES

## NOMINEES FOR TOP TV AWARDS ARE ANNOUNCED

By BOB THOMAS

HOLLYWOOD (AP)—Nominations for TV Academy Awards were announced today, and the favorites shaped up as newcomers George Gobel and Disneyland plus veteran Jackie Gleason and I Love Lucy.

The TV Academy, which is similar to the Academy of Motion Picture Arts and Sciences but has no connection, listed 21 categories down to and including best singers and best daytime program.

Unlike the Oscar race, the top contention for the Emmies does not center on two or three races. A half-dozen or more of the classifications are coveted highly in the television industry. Here are nominations for some of them:

**Various Awards**

Best actor starring in a regular series: Richard Boone, Robert Cummings, Jack Gleason, Danny Thomas, Jack Webb.

Best actress starring in a regular series: Eve Arden, Gracie Allen, Lucille Ball, Ann Sothern, Loretta Young.

Best situation comedy series:

Burns and Allen, I Love Lucy, Make Room for Daddy, Mister Peepers, Our Miss Brooks, Private Secretary.

Best variety series: Disneyland, George Gobel Show, Jackie Gleason Show, Toast of the Town, Your Hit Parade, Jack Benny Show.

Outstanding new personality: Richard Boone, Walt Disney, Fess Parker, Tennessee Ernie Ford, Preston Foster, George Gobel, Michael O'Shea.

**List Winners March**

Best dramatic series: Four Star Playhouse, Medic, Television Playhouse, Studio One, U. S. Steel Hour.

Best individual program: Diamond Jubilee of Light: Operation Undersea, Disneyland; White Is the Color; Medic; A Christmas Carol; Shower of Stars; 12 Angry Men; Studio One.

The winners will be announced March 7, when the academy has its seventh annual awards dinner at the Moulin Rouge in Hollywood. For the first time, the affair will be televised nationally, and the New York winners will be cut in from there. Voting is done by the 750 academy members.

**EXTRA EQUIPMENT**

CINCINNATI, Ohio (AP)—Bob Free, Cincinnati news photographer, heard strange noises in his new automobile. He had the door paneling removed. Inside the door was a sandwich and an empty chili container.

## SKATING STAR 62 YEARS OLD

HERSHEY, Pa. — Orrin Markhus, the 62-year-old, 250-pound skating star of Ice Capades, appears with

his partner, Irma Thomas, in the fifteenth edition of the show opening at Hershey Sports Arena on Monday evening, February 14. He has been skating for 57 years and is far from ready to hang up his skates and retire to his rocking chair.

Affectionately known as the "Old Smoothies," Orrin and Irma have been skating together for more than a decade. They met when Irma brought her twin daughters to Markhus, then a skating instructor, for lessons. After he sent the Thomas kids on their way to stardom in Ice Polies, Orrin convinced their mother that she should become his partner and they were soon established favorites.

Orrin is an all around athlete. As a youth he was a fair basketball player, but later turned to golf and became a well known teaching pro. Since he didn't follow the sun with the touring pros, during the winter, Orrin turned to skating instruction to pass time. Soon he was devoting all of his time to skating.

**BY THE NUMBERS**

DES MOINES (AP)—There was a striking similarity when two cars collided at an intersection here. Thomas C. Raymond Jr., 20, had license number 77-28372, and James H. Kauten, 43, had 77-28373.

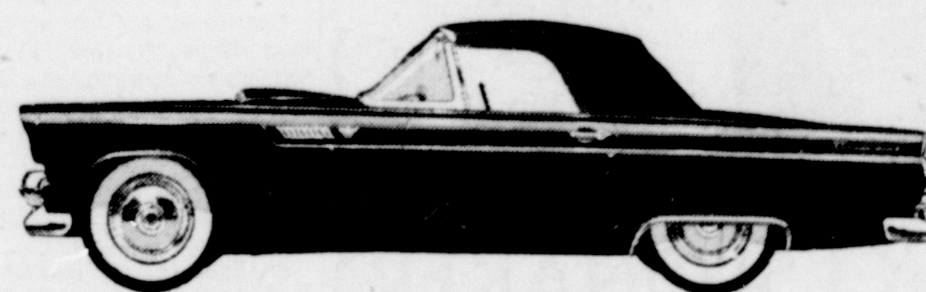

Many ducks have normal temperatures of more than 100 degrees Fahrenheit.

# 14 MILLION REASONS WHY you can always rely on a FORD V-8!

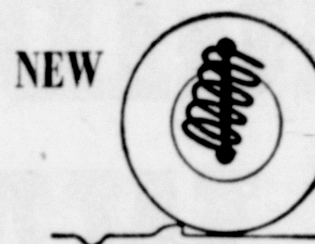

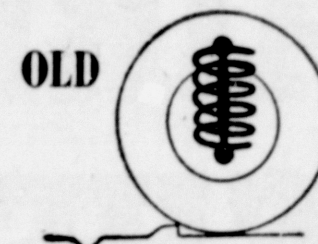

SINCE 1932 FORD HAS BUILT MORE V-8  
ENGINES THAN ALL OTHER MANUFACTURERS

**COMBINED!** Yes, Ford has turned out more than 14 million great V-8 engines. That's why you don't have to wait for a '55 Ford. Ford craftsmen have the experience to produce the fine new V-8's without a hitch. They are coming off the lines in quantity. And this year, these great engines deliver TRIGGER-TORQUE POWER! At the touch of your toe this power surges into action. You're up and away 4 times faster than you can wink an eye. There are 3 new Ford engines for '55 . . . 162-h.p. Y-block V-8 . . . 182-h.p. Y-block Special V-8 . . . and 120-h.p. I-block Six. Come in and test drive the terrific new '55 Ford today!

ONLY LOW-PRICED CAR WITH SLEEK

**THUNDERBIRD STYLING** Only in the '55 Ford will you find the longer, lower exciting look these fine cars share with the brilliant Ford Thunderbird. You'll find beautiful fabrics, skillful upholstery-work and strikingly new, truly different interior motifs that you've never seen in any car.

ONLY LOW-PRICED CAR WITH NEW

**ANGLE-POISED RIDE** Rough road or smooth, they all feel better when you're in a Ford. Why? Because this year Ford has re-designed its Ball-Joint Front Suspension. The front springs are now tilted back. This not only means that washboard roads ride smoother, but that the annoying "tom tom" beat of road-joint jar on paved roads is reduced.

## WARY CEMENT INDUSTRY MAY EXPAND MORE

By SAM DAWSON

NEW YORK (AP)—The prosperous but wary cement industry may have to expand its facilities after all—especially if the super-duper highway program is piled on top of a continuing building boom.

At least the Bureau of Mines thinks so. It believes the industry will have to increase its capacity by 15 per cent within two years, by 40 per cent within five years.

Cement companies are producing and selling three times as much cement now as they did in 1944m. But they've expanded their capacity only about 18 per cent in that time, and are now operating at near capacity—although demand for their product increases each year.

The reason for their hesitation to expand: They remember being badly burned when they expanded too fast in the '20s and found themselves operating at only 24 per cent of capacity in 1933. Production in 1944: used less than half of the existing capacity.

The industry is now turning out around 270 million barrels a year. About one fifth of that goes into highway construction. But if the President's road building ideas are adopted, highways will swallow up 2 1/2 times as much cement as they do today.

The postwar building boom has been the big reason for cement's prosperity. About one fifth now sold goes into commercial, industrial and institutional construction, about one seventh into home building.

New Uses Found  
But cement consumption has grown even faster than the physical volume of building, the Northern Trust Co. of Chicago notes today in its February business comment.

It cites as reasons: cement's cost advantage for many uses, new applications of cement in building, and improved methods of handling. And then, too, the housing boom in the suburbs has meant a call for cement for new streets, alleys, sewers and water systems.

Cement has found new markets for such uses as oil well cementing to protect well casings, and for mixture with soil to get a low-cost pavement where traffic is light.

## YOUTH KILLED IN CAR MISHAP

READING, Pa. (AP)—A car side-swiped a tree and smashed several guard rails on Rt. 422 yesterday, killing Thomas L. Moyer, 16, of Pottstown and injuring three of his friends.

A passenger, Fred Thompson, 22, of Pottstown, was reported in critical condition today at St. Joseph's Hospital. The driver of the car, Robert Lightcap, 22, of Royersford, has been taken off the critical list and is reported in fair condition.

The third person, Ralph Darcel of Pottstown, suffered cuts and bruises of the face.

COMMISSIONER DIES  
SAYRE, Pa. (AP)—J. Thomas Wilcox, Wayne County commissioner and a lifelong resident of Boyds Mills, died Saturday night. He was 49.

He was a member of the Calkins Union Church and the Honesdale Chamber of Commerce.

# Unemployment Compensation, FEPC Measures Of Governor Are Prepared For Legislature

HARRISBURG (AP)—The administration's unemployment compensation and fair employment practices legislation was ready for the House today as the Senate received House-approved temporary tax and executive reorganization measures.

"The governor is ready to submit his unemployment compensation suggestions today and then follow with the FEPC measure tomorrow," said Thomas K. Hodges, press secretary for Gov. George M. Leader. "Each will be accompanied by a message from the governor explaining his position."

"And if the Legislature is in session Wednesday we probably will have something else ready by then," Hodges promised.

The second month of the 1955 General Assembly gets under way late this afternoon with not a single new measure in position for debate in either house. The Senate meets at 4 p.m. and the House a half hour later.

**Hold Sunday Session**

Top Republicans of both houses held their first Sunday night strategy conference in the year last night in the office of Sen. Rowland B. Mahany, Republican Senate leader. But Sen. M. Harvey Taylor (R-Dauphin), Senate president pro tempore, would only say afterward:

"We discussed everything and decided nothing."

GOP leaders including Rep. Charles C. Smith, House floor leader; his assistant, Albert L. Johnston (R-McKean); Miles Horst, state GOP chairman; and Sen. Albert R. Pechan (R-Armstrong), Mahany's assistant, met with Taylor.

In addition to the 400 million dollar temporary tax package and the reorganization measure, both due to be sent to committee, the Senate is faced again with acting on six or level appointments by Leader.

"We didn't discuss the confirmations tonight—we'll take it up fully in caucus before the session tomorrow," said Mahany after last night's meeting.

Friday Leader fired two Liquor Board members, two members of the state Securities Commission and one member each of the Labor Relations Board and Workmen's Compensation Board in order to create vacancies for nominations he already has submitted for Senate confirmation.

The much delayed unemployment compensation bill, is designed to strengthen the present law to prevent benefits from being decreased. Originally a bipartisan measure was sought but this move failed two weeks ago.

**Recommend Increase**

The Leader bill will recommend an increase in both benefits and payroll taxes. The maximum compensation would be fixed at \$35 a week instead of the present \$30 and the maximum weeks of eligibility would be increased from 26 to 30.

At the same time the proposal would double the minimum employers contribution rate of one-half of one per cent of the payroll but would not change the maximum 2.7 per cent. This would lift employer contributions from \$8 million paid last year to \$18 million.

In addition the so-called peril point referring to the fund's balance in relation to previous expenditures, would be abolished.

"If there is any fairness in the measure at all I believe we will go along with the administration's unemployment compensation measure," Smith said.

**GOP Approved Measures**

On fair employment legislation, which would ban discrimination in jobs because of race, color or creed, Smith pointed out the Republican controlled House approved similar measures in the recent past.

"I personally would vote for it again as I have three times before," he said. "But we can't talk about it until we see what is offered." Both party platforms in the recent election favored FEPC legislation.

The temporary tax and reorganization measures are figured to have little chance to get through the Republican controlled Senate.

Mahany said he knew of no objection to pushing through three of the temporary tax levies dealing with gasoline funds but could see no reason for rushing the others.

The reorganization bill would allow the governor to reshuffle agencies subject to veto by the Assembly. Mahany promised it would be given a thorough study on whether it was in favor of economies that might result from reorganization but we would like to have the bill give us the right to take affirmative action rather than negative," Mahany said.

House Speaker H. G. Andrews said.
